

STRIKE ACT TAKEN TO HIGH COURT

Supreme Tribunal to Pass On Kansas Law

CASE APPEALED BY STATE

Statute Violated in Calling Walkout, Charge

TOPEKA, Kan. — (By Associated Press) — Constitutionality of the law creating the Kansas court of industrial relations—involving the vital question of whether the tribunal has power to punish strikers—is now before the Kansas Supreme court for decision. Hearing is set for the May term.

The case is an appeal by the state from the ruling of Judge William H. McCamish of the Wyandotte-co district court in freeing Jerry Scott, a Rock Island railroad switchman, on the charge of conspiring to induce other employees to strike in violation of the industrial court act. Several other similar cases, arising from the switchman's strike in April, 1920, have been appealed to the state supreme court, but the Scott case is the first to be reviewed.

HELD UNCONSTITUTIONAL

Judge McCamish held that section 17 of the industrial court act violates the state constitution in that it is not clearly expressed in the title of the act. This section of the law makes it a felony to quit work in specified industries invested with a public interest, for the purpose of hindering production or transportation. If Judge McCamish's decision should be upheld the penalty clause of the act, which has received much criticism from organized labor, would be invalid.

It at first appeared that the cases would be argued on the mere technicality of the alleged defect in the title of the act. Attorneys for the defendant in filing their motion in the lower court to quash the information, however, attacked constitutionality of the industrial court law in several respects. Altho Judge McCamish based his opinion on only one of these reasons the defense will argue the merits of the case on all of the constitutional grounds advanced, contending that if the higher court should overrule Judge McCamish in the one particular, the motion to quash should be sustained for the other reasons.

RIGHTS CLAIMED

The defense in the Scott case maintains that any employee has the fundamental right to strike which can not be abridged by statute.

The essence of the state's reply to his argument is that there is the common law right to strike which has been modified by court decisions in the United States to apply only to cases where the strike is for a legitimate purpose such as to obtain a just wage or reasonable working conditions. This right, however, is not a constitutional right and can be changed by statute, under the police powers of the state to care for the public welfare, the state argues.

\$10,000 A MONTH ASKED BY WIFE

Alimony Demanded by Ex-"Fifi" Potter in Suit

NEW YORK — (By Associated Press) — Alimony of \$10,000 a month is demanded of James A. Stillman, president of the National City Bank, by Mrs. Stillman, the former "Fifi" Potter, whose marital troubles became public here last night.

Mr. Stillman, it was learned, sued for divorce several weeks ago, and Mrs. Stillman filed a counter-suit. The suits were kept secret. Supreme Court Justice Morshauer, in confirming reports of the suit, said he had appointed a referee in the case and a guardian for a child known as Guy Stillman.

Counsel for Stillman are contesting the alimony demand, claiming his income of \$300,000 a year has been reduced to \$220,000 by payment of income and other taxes.

THREE BIG CONCERNS AT CANTON TO MERGE

CANTON, O. — Announcement of the proposed merger of the United Alloy Steel Corporation with the Berger Manufacturing Company and the United Furnace Company, all of Canton, was made by the United Alloy Steel Corporation this morning.

The consolidation will have a gross balance sheet of \$42,000,000. A meeting of the stockholders of the three companies has been called for the purpose of ratifying the terms of the merger. The consummation of the merger will mean the construction of an additional blast furnaces and a finishing mill.

NOMINATIONS MADE

WASHINGTON — Thomas O. Marvin, of Massachusetts, was nominated to be a member of the tariff commission and William S. Cullerton, of Kansas, was nominated as a member of that commission.

Walter Lyon of Pittsburgh, was nominated to be the United States attorney for the western district of Pennsylvania.

ABSCISS IS FATAL

YAN WERT — Herman James Johnson, 36, died at his home in York-Town, Thursday, from abscess on the brain. He leaves a wife and three children.

PAYCUT BY ALL RAILS

COURT OPENS IN "MURDER SUITE" SLASH TO INCLUDE ENTIRE U. S.

JURY AT SCENE OF HAMON KILLING

Rooms Occupied by Slain Man and Defendant Viewed

TRAGEDY TO BE RE-ENACTED

Accused Woman Also Visits the "Love Hovel"

By CARL VICTOR LITTLE.
(United Press Staff Correspondent.)

ARDMORE, Okla. — Court opened today in Jack L. Hamon's "murder suite" in the second-rate Randol Hotel.

Clara Smith Hamon came back to the scene where a bullet ended the career of the powerful Hamon.

This time, she was in the custody of Sheriff "Buck" Garrett.

Twelve silent men accompanied her. They were the jurors who are to weigh the evidence in her trial for Hamon's murder.

Clara was to re-enact the rising incident of Hamon's life that was ended by a bullet last November. She was taken back to connecting rooms 23 and 29 on agreement of attorneys for both sides. They wanted the jury to see the rooms; to get the layout of the furniture; to hear Clara's version of Hamon's death.

The wall paper was dirty and soiled.

The scanty furniture was rickety, much of cheap maple.

Dirty spotted and worn and fringed carpet. It was faded.

Sunlight crept thru the grimy little windows and penetrated the cracks in the green blind.

A flycatcher, faded and moth-eaten spread was draped over the bed.

This was the love hovel where the millionaire, Jack Hamon, elected to spend the best years of his life with his pretty protegee.

The jury, chosen late yesterday, just before the end of the first day of the trial, was to go back to the Carter-co court house after the visit to the Rooms 23 and 29.

Prince Freeling, famous all over the southwest for his lecture, "The Trial of Christ," will spring the opening statement of the prosecution.

Freeling, attorney general of Oklahoma and special prosecutor of Clara Hamon, is to speak in substance as follows:

"The state wants the law upheld whether a man or a woman is involved. There is no malice in the prosecution. It is up to the jury to weigh the evidence presented, than to render the verdict."

"The state will attempt to show that the shooting of Jack Hamon was the result of a long series of events; that it was not just sudden passion that caused Clara Hamon to shoot."

Frank L. Ketch, the administrator of the Hamon estate, who has an income of \$10,000 a day, is slated to testify first for the prosecution.

Other prosecution witnesses, who will testify, follows:

E. W. Sallis, chauffeur, who drove Clara Hamon from Dallas in her flight to Mexico, after Hamon was shot.

State's are John R. Lock, who met Hamon limping to the hospital, with a bullet in his body.

W. S. Myers, Oklahoma City hardware man, who will testify that Clara Hamon bought the gun that killed Hamon from him a few days before the shooting.

"Keep your hands on your pockets," was "Buck" Garrett's advice to the juryman today. The pockets of three venemen were picked yesterday while they were waiting to be called to the jury box.

CLEVELAND MEN HELD UP, ROBBED BY WOMEN

CLEVELAND — Police today are seeking three women in connection with two hold-ups in different sections of the city last night.

Two women, unassisted, accosted Joseph Murray at Wade Park-ave. and east 79th-st. and demanded his money at the point of a revolver. Murray, astonished at being held up by women, was able to give police but a meager description of them. They got \$50 in cash and two checks.

The other woman, aided by a man, lured Sam Kare into a house near his home. As he entered the door, the woman pinned his arms and her companion robbed him of a small amount.

Detectives later arrested the man, but have been unable to trace the woman.

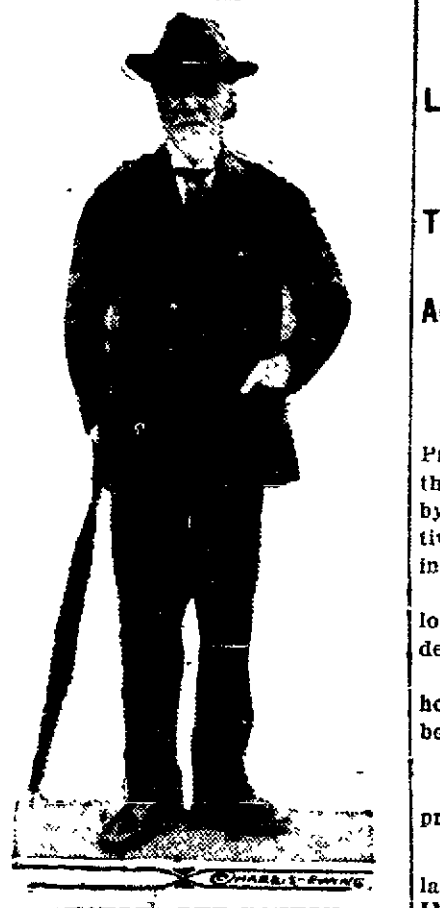

VOW AT GRAVE BROKEN

CINCINNATI — Despite an oath he took at the grave of a relative in the presence of three rabbis, Max Tennenbaum, furniture company head, has mistreated her. Mrs. Pearl Mincoway Tennenbaum says in an answer to his divorce suit.

EXPRESS OFFICE COBBED

SANDUSKY — American Railway Express officials and police here today were sure that a safe stolen from the express office at the New York Central station late yesterday afternoon contained less than \$1,000 and express agent Coles said the cash obtained may not amount to more than \$50.

"UNCLE CHARLEY" TO SERVE FORMER BOSS AT CAPITAL

Charles Lee Patton, known all over Marion, O., as "Uncle Charley," arrived at the White House recently at the request of President Harding.

Mr. Patton, who is eighty years old, has long been an employee of the president and will receive some sort of employment at the White House so he can be near his former boss.

MAKE 'REAL BEER' NOT DECIDED

Brewers Consider Action Under Palmer's Ruling

ST. LOUIS, Mo. — (By United Press) — Brewery officials here today were still undecided as to the manufacture of "real beer" under the Palmer ruling. It was said at the Anheuser-Busch plant that the matter had been given no consideration.

Independent breweries were reported to be in a position to manufacture "real beer," but none of them have so far taken any steps.

Two breweries in Belleville, Ill., have made application for permits to manufacture four per cent beer.

AIMS BLOW AT BEER

BOSTON, Mass. — (By Associated Press) — Three ways of overcoming what he termed the erroneous opinion of former Attorney General A. Mitchell Palmer that beer and wine can be prescribed as medicine were outlined by Wayne H. Wheeler, general counsel of the Anti-Saloon League of America who was in this city today.

"First," he said, "we will ask the new attorney general to revise the opinion."

"Second, we will endeavor to get the remaining nine states that have no enforcement codes to do what the other dry states have done and prohibit the prescribing of beer for medicinal purposes."

"Finally, we will ask congress to change the law in this respect if it is necessary to do so."

"In the meantime the brewers cannot make any real beer until the new regulations are made and then only in very small quantities as it can only be used in nine states under strict limitations."

HEADS OF FARM BUREAUS MEET AT COLUMBUS

COLUMBUS — Presidents of the County Farm Bureaus and masters of Pomona Granges of Ohio were in conference here today with O. E. Bradfute, president of the Ohio Farm-Bureau Federation; L. J. Taber, master of the Ohio Grange, and A. C. Dyer, field secretary of the Ohio Home Protective League, talking over the latter's stand on taxation and other legislative matters of interest to farmers.

Farmers also were scheduled to present the views of the constituents to the leaders.

"RUN DOWNS" GET BEER

CHICAGO. — (By United Press) — Here are the two classes of patients who will get prescriptions for beer:

1—New mothers.

2—Those in "run down" conditions, who need a tonic.

That was the verdict of several Chicago doctors today who were interviewed on the possibility of getting a beer prescription under the new ruling of the government, allowing sale of beer for medicinal purposes.

The doctors were all rather uncertain about the federal ruling. They were also somewhat uncertain as to just what the medicinal qualities of beer might be, but they were all busy looking it up and promised to be ready with full information in a few days. They requested that their names not be used.

Hundreds of barrels of real beer are being made by Chicago brewers daily and they are "rarin' to go" as soon as they get the word that beer can be sold for medicinal or any other purpose.

The real beer is made in the process of making "near beer." After the alcohol is removed, it is then sold.

"It would be easier to supply real beer to customers than near-beer," said Thomas Keeley, president of the Keeley Brewing Company.

TARIFF FIRST IN NEW CONGRESS

Legislative Program Arranged for April Session

TAX ACT SECOND ON LIST

Army and Navy Supply Measures to be Adopted

WASHINGTON — (By United Press) — A legislative program for the new congress was agreed upon by congressional leaders and tentatively approved by President Harding today.

It calls for the passage of the following major legislation in the order named:

Emergency tariff bill in the house, while the Colombian treaty is being considered in the senate.

Complete revision of the tax laws.

Passage of the army and navy appropriation bills.

A brief summer recess.

Permanent revision of the tariff laws.

IMMIGRATION QUESTION

In between the big bills will be sandwiched the minor bills which are certain to require attention. In addition, strong efforts may be made to revive the packer control bill and the measures providing federal aid for maternity and educational work.

Some kind of ban on immigration, probably similar to the measure which President Wilson pocket vetoed, undoubtedly will be passed.

"I feel certain that emergency tariff legislation will be the first important bill to be considered by the new congress," Senator Charles McNary said.

WILL BE READY

Representative Fordney, chairman of the house ways and means committee, said his committee can have the emergency bill ready by April 4, the date of the new session.

"We have held extensive hearings on the question of tariff," he said. "The committee is ready to start framing an emergency bill next week. It can be ready April 4, and passed thru the house in two weeks. In my opinion, it could be based on the Payne-Aldrich rates, with some modifications, because of the unusual conditions confronting business and agriculture. The main features of the emergency tariff bill killed by the veto of President Wilson at the last session, probably will be included."

PLOT, WIFE SAYS

Mrs. Stokes Charges Mate With Divorce Suit Conspiracy

NEW YORK — (By United Press) — That Mrs. W. E. D. Stokes will contend the testimony introduced in her millionaire husband's suit for divorce is the result of a "gigantic conspiracy" was indicated by her today.

Mrs. Stokes, together with her mother, Mrs. Arthur S. Miller, of Denver, and Dr. Hal Billig, one of the seven co-respondents, all hinted at a "conspiracy involving very prominent persons."

COURT SETS DATE

Action to Oust Mayor Galvin to be Heard March 17

COLUMBUS — (By United Press) — The Ohio supreme court today set March 17, as the date for hearing on the mandamus action of George S. Hawke, Cincinnati, against Governor Davis, seeking to oust Mayor Galvin of Cincinnati, for alleged failure to enforce the prohibition laws.

Chief Justice Marshall said today: "It appears that this matter is of great importance, involving the construction of a statute, it is ordered that the application for an alternative writ be heard before the full court."

WOUNDED MAN REFUSES TO NAME HIS ASSAILANT

CLEVELAND — At the point of death from three stab wounds in the chest, Edward Evans refused today to name his assailants.

"I'll fix it with them when I get out of here," he gasped.

Physicians said that one of 17 stab wounds penetrated Evans' lung and that his condition was critical. Two men seen with him early last evening are being searched for by police.

WHISKY STILL HIDDEN IN WELL ON FARM

CELINA — Armed with warrants, officers from Dayton visited Ft. Recovery, near here, Thursday, in search of whisky stills. At the Robert Sutter farm it is claimed they found jugs and quart bottles filled with whisky. Pleading guilty, Sutter was fined \$1,000 and costs, \$500 of which was remitted when he confessed to having hidden the whisky still in a well, where it was later found.

FORMER DIRECTOR OF FINANCE BOARD MAY BE RENAMED

EUGENE MYER JR.

President Harding will name two men to fill vacancies in the war finance corporation and Eugene Myer Jr., its former director, is being boomed for one of these positions. Senator Calder has recommended Myer for the post.

REBELS DEMAND PETROGRAD

Must Surrender by March 25, Ultimatum to Soviet

LONDON — (By Associated Press) — Revolutionary authorities at the Fortress of Kronstadt have sent an ultimatum to the Soviet authorities in Petrograd, demanding the surrender of the city before March 25. If the city is not given up, the ultimatum declares, there will be a general bombardment, it is asserted in an Abo, Finland, dispatch to the London Times.

Wholesale arrests and executions of workmen are said to have occurred at Oranienbaum, Syssterbak and Petrograd.

Kronstadt last night sent a wireless dispatch denying Bolshevik statements that the fortress was without food, says a telegram from Stockholm. To the contrary, there is plenty of food and ammunition there, the message stated.

A great Bolshevik movement in the vicinity of Minsk, White Russia, is reported in a Reuters dispatch from Helsinki. Soviet troops are said to have mutilated and murdered Bolshevik commissaries there. Another dispatch mentions street fighting between the Bolshevik and Soviet units in Kiev.

INSPECTORS FIND FIRE HAZARD BAD IN VAN WERT

VAN WERT — Of 219 buildings in the business district inspected by the 40 representatives of the Conservation and Fire Prevention Association of Ohio here Thursday, only 77 were pronounced free from immediate fire hazards. The committee recommended that the fire chief be empowered to inspect buildings regularly and order corrections. A stricter building code and inspections of electrical wiring was also advocated.

AGAINST BETTING ON BASEBALL GAMES

LANSING — George H. Maines, president of the Michigan-Ontario League, is backing a bill introduced in the Michigan State Legislature making it a felony either to bet on ball games or to offer a bribe to a player. It is believed the measure will pass both branches of the Legislature.

TAKEN FOR AUTO THEFT

CELINA — Lana G. Fast, son of Chas. Fast of this city, was arrested in Dayton, charged with the theft of his father's Ford car. Young Fast had been in Dayton, but returned here accompanied by a girl. Low of funds and desirous of returning to Dayton, he is said to have taken the machine. Fast pleaded guilty and is held to the grand jury in \$1,000 bond.

TAX TEST VOTE UP TO OHIO SOLONS

Two Bills to be Reported Out for Action Today

FORCED BY UNIFORM FOES

Victory for Administration Program Thus Planned

COLUMBUS. — (By Associated Press) — The house taxation committee will formally report out today two of the bills introduced by adherents of the uniform rule in taxation, with the expectation that they will be defeated when they come to a vote, thus demonstrating to Representative Chester and his faction that it is impossible to enforce the uniform rule.

The bills are those favored by Representative Cope of Columbus, giving taxing authorities, the right to investigate banks and other institutions in search of securities for taxation, and by Representative Robinson of Lawrence, giving the county auditor inquisitorial powers. They are measures which have many times in the past failed to pass because of the opposition they would arouse.

PREPARE FOR VOTE

This movement on the part of the taxation committee is expected to bring a skirmish in the fight for the adoption of the taxation program of the citizens' taxation committee, which proposes the abolition of the uniform rule. The committee did not recommend the passage of the two bills but merely reported them out to let them on the calendar for a vote.

Governor Davis is expected to transmit to the legislature early next week the formal report of the taxation committee, which will be backed by the house committee on taxation.

CODE HEARINGS HALT

Members of the house reorganization committee announced today that there would be no further hearings on the administrative code for the reorganization of state government until next Monday evening.

Charges that the committee was not giving proper consideration to a delegation of public health workers who appeared before it last night were made by Dr. Robert G. Patterson, secretary of the Ohio Public Health Association. Altho there were five men seated at the committee table, Dr. Patterson pointed out that only two of them were members of the committee, Representatives Silver of Proboscio, and Fyfe of Medina, who was acting as chairman.

Members of the Ohio Public Health Council, representatives of the Ohio Federation of Women's Clubs and health workers from Cleveland and Cincinnati protested against the abolition of the office of state health commissioner and the substitution of a director of health to be appointed by the governor, who would be given powers to reorganize the department of health. Members of the Public Health Council included Dr. C. O. Prebster, for 25 years secretary of the state board of health; Dr. C. B. Lumsis, Middletown; Fred C. Crockett, Columbus, and C. M. Caifer, Cleveland.

Next Monday the committee expects to take up the department of finance and on Tuesday will hear those interested in the department of examinations and agriculture.

It is expected that the committee will recommend the bill for passage next Thursday and that it will come to a vote in the house late next week.

LABOR SILENT

The matter then was referred to the individual roads. Officials of the association today predicted that announcements of a readjustment of the wage scale of skilled men, similar to the one made a few days ago by the Pennsylvania lines, soon would be forthcoming.

From the labor side little comment came on the announcements of proposed reductions in unskilled employees' wages. It was said that the matter would have to come before the railroad board and that the union's chief concern now was to see that the roads acted in accordance with the transportation act.

Belief that the proposal of the Pennsylvania road to confer individually with the various crafts over a new wage scale might not be in accordance with the spirit of the transportation act was expressed by labor officers. They said that one conference must be called covering all crafts.

No word has been given out by the labor board concerning the request of the unions that a group of railway executives be subpoenaed for cross-examination. Frank P. Walsh, attorney for the brotherhoods and various labor leaders were gathering here for the board session Monday when a reply to the request for subpoenas is expected.

COLORED MAN, WHITE WOMAN, CANNOT WED

YAN WERT — Lanny Draper, colored, and Nora Denner, white, who have been absent since February 14, appeared in probate court here Thursday and applied for a marriage license, which was promptly refused. They have been refused license in Lima, Springfield, Cincinnati and Chicago.

Wage Reductions to Hit Both Skilled and Unskilled

CONFERENCES TO BE HELD

Roads' Heads and Employees to Decide Scales

NEW YORK. — (By Associated Press) — A general move by the nation's railroads to cut war-time wage scales, long forecast by rail officials, appeared to be in full swing today. Following the lead of several lines which earlier had announced cuts, the New York Central and New York, New Haven and Hartford railroads in the east, and virtually every railroad in the west, announced wage reductions yesterday. Further statements from lines that have not yet announced cuts were expected today. Officials of various lines today were arranging conferences with employees in an effort to reach an agreement on the reduction. "Swow Plans as announced, after fully unskilled and semi-skilled labor. Men engaged in the actual operation of trains, telegraphers and station agents, are not included. The New York Central, and New York, New Haven and Hartford, whose reduction announcements included men in 85 classes of labor, were expected to open negotiations with their men next week. Arrangements for early conferences were reported being made by the Santa Fe; Chicago, Milwaukee and St. Paul; Chicago and Great Northern; Chicago, Rock Island and Western; all with headquarters in Chicago.

A plan to carry out wage reductions announced Wednesday by the Pennsylvania railroad, was reported from Philadelphia to be in the making, by executives of the road.

CHANGED CONDITIONS

The New York Central announced its reductions would become effective April 16, and the New York, New Haven and Hartford cut would be effective as of April 15. Twelve subsidiary lines of the New York Central will follow its lead, it was reported.

Reduction announcements were accompanied in most cases through the country with a statement that "changed conditions necessitate changed wage scales."

All reductions are based on the federal trade commission's awards of last year. These increases favored for the most part, unskilled and semi-skilled labor.

SKILLED WORKERS HIT

CHICAGO. — (By Associated Press) — Steps to bring about reductions in the wages of skilled employees probably will be taken by as soon as adjustments can be made in the pay of unskilled workers, according to officials of the Association of Railway Executives.

Such reductions, it made, will be handled individually by the various roads in the same manner that present announcement of cuts in pay, for unskilled workers now are being made. It was said, with no attempt at concerted or simultaneous action by the railroads.

In line with this policy, however, it became known that the association at a meeting in New Haven, Conn., on March 4, adopted a resolution that it was the sense of the meeting that reductions in the pay of unskilled employees were not considered objectionable by the executives.

LABOR SILENT

WOMAN GAZES AS ACCUSER TALKS

Clara Hamon Listens to Prosecution Recite Crime

DEAD MAN'S WIFE FACES HER

State's Attorney Makes Opening Statement to Jury

COURT HOUSE, Ardmore, Okla. —(By United Press.)—Clara Smith Hamon faced her accusers today when the state presented its case against her.

Prince Freeling, prosecutor, told the jury how the state expects to prove her guilty of murdering Jake Hamon.

Freeling said Clara followed Hamon to Ardmore in 1913, and became his stenographer. "They began living together as husband and wife," he charged. "Hamon's wife and children remained back in Lawton."

"At one time, Mrs. Hamon visited their rooms. She found their clothes intermingled."

"Hamon sent his wife away. "B," fortune smiled on Hamon. He became wealthy. Many trips were taken by Hamon and the defendant. He paid all the expenses.

"The defendant was jealous of Mr. Hamon. They had lovers' quarrels, the usual result of illicit love. "In 1917, Hamon called an officer to his apartment because he wanted some papers."

"The officer found the defendant there with a revolver, but the officer secured the papers for Hamon."

"Mrs. Hamon, by exile, went to Chicago, with her children."

"Later, she returned to Ardmore with her little girl and visited her husband's apartment."

"She found the defendant there and the defendant ran."

"Hamon became a political power. He grew powerful."

"The arrangement between the defendant and Hamon started. He realized he must stop his way of living."

"Immediately after the November election when Hamon was swept into power, the defendant purchased a pistol at a hardware store in Oklahoma City."

"On November 21, Hamon met his friends in his office. The phone rang in his office. He tried to break off the communication. He took several drinks."

"About six o'clock, he said he would be back soon."

"She never came back to his office."

"He went across the street and entered the Randol Hotel and went to his rooms."

"At 7 o'clock, he went to the lobby of the hotel to talk over long distance. Freeling continued. "He went to room 28, occupied by the defendant and walked thru the connecting door to his own room."

"He left the rooms later. Senator Carlock saw Hamon walking toward the Hardy Sanitarium."

"The proof will show Hamon told Dr. Hardy, in charge of hospital, 'I am shot. Clara did it. I'm going to die.'"

"We will prove that Hamon pleaded with Dr. Hardy. 'For God's sake, never tell this—say it was an accident.'"

"Frank Ketch, Hamon business manager, then called Hamon."

"Hamon asked Ketch not to tell that the defendant shot him."

"Ketch ordered the defendant to leave town—never to come back. He gave her \$5,000 to leave."

"Before the defendant left, Ketch said to her: 'You go. There's no chance for Jake to live.'"

"When the defendant came to Ardmore, she was Clara Smith. Later she became Clara Smith Hamon. She married Frank Hamon, Jake's nephew, in 1917, and was divorced."

"It wasn't a love marriage—it was a wedding of convenience so she could use the name of Hamon."

"Erie Dunlap made two visits to see Hamon while he was in the hospital."

"Dunlap told Dunlap: 'The old man won't be with you long. When I go out of here, you boys will take me out.'"

"I always thought she'd do it, but I thought she'd give me a chance. Erie, the old man didn't have any more chance than if you'd pull a pistol and shoot me now!'"

Freeling then opened up a bundle. It was the gun that he said killed Hamon. In it was the union suit and shirt Jake Hamon had on when shot. J. B. Champion, defense counsel, objected to display of the pistol.

Judge Champitt, his twin brother, ruled against him.

The defense counsel shouted: "I don't see why this case is tried different from others."

The judge yelled at his brother. "None of that, or you'll get punished."

The defendant closely watched the jury's reaction to Freeling's charges. She sat erect in her chair.

Across the table sat Mrs. Jake

Hamon, her daughter Olive Bell and son Jake L. Hamon, Jr., listening to Freeling spade up a dead man's past.

Jake, Jr., leaned on the back of a chair, a serious frown on his face. Mrs. Hamon stared frigidly at the jury—not a tear came to her eyes. It took Freeling one hour to present the state's case.

APRIL 15 "GOOD ROADS DAY"

Date Selected at Luncheon Meeting of Boosters

EVERYBODY ASKED TO HELP

Grab a Shovel and Assist in Repairing Highways

Friday, April 15 will be "Allen-Co Good Roads Day." Nearly a hundred good roads advocates, including township trustees, with their supervisors, county commissioners, members of the good roads committee and directors of the chamber of commerce, attended a noon-day luncheon at the Elks Club Friday, as the guests of the Chamber of Commerce and formulated plans.

On that day every person in the county capable of using a shovel will be asked to get out on the roads and help put them in better conditions. Factories and business houses will be asked to declare a holiday, so that employees may work on the roads. Firms will be asked to donate automobiles for transportation of the volunteer laborers.

The question of material was one of importance discussed at the Friday meeting. Many trustees reported that their roads need stone, while others said their roads are mostly all right in that particular, but need grading. Many men will furnish teams to haul stone and volunteer labor as the only solution for the latter situation.

Cooperation and organization were emphasized by speakers Friday. Selection of the date caused some debate, but it was agreed that the sooner the work is done on the roads to make them passable, the better. Among those who spoke were: Joe Hartline, chairman of the chamber of commerce good roads committee, who acted as chairman at the meeting; Clarence Brees, Paul Crawford, Frank Colvard, J. K. Johnson, Gene Lippincott and B. A. Gramma.

All expressed belief that much good can be done if a sufficient number of men are patriotic enough to volunteer their services. One man stated that it was not only a patriotic duty, but a privilege, while another said: "These city fellows have an itch to get a shovel in their hands, but they will have an itch to let it go before they are thru." It will be a day of sport, the one of hard work and blisters. A survey of the county to determine just what roads need repair and just what repairs will be necessary will be the first step taken by the organization. The success of the whole thing depends on just how many men in Allen-co are public spirited enough to volunteer a day's labor for the common good.

CLAIM FOR COAL

Columbus Company Asks Big Sum From O. E. Receivers

Claim for \$1,463.30 against the receivers of the Ohio Electric Trust was filed in federal court at Toledo Friday by The Schuler Coal Mining Co. of Columbus for coal claimed sold and delivered to the company and unpaid for. The fuel was used in power houses operated by the Ohio Electric. It is set out in the petition. Recently a claim filed by the Rail-Light Co. of Toledo, against the Ohio Electric for electric current supplied. In the sum of \$19,000, was granted by the federal court.

E. J. LYMAN, HOTEL MAN, TAKEN BY DEATH

Edward J. Lyman, 48, 293 Harrison-ave, proprietor of the C. H. & D. hotel, died early Friday morning at the City hospital from a complication of diseases. Besides the widow, he is survived by four children and seven step-children. Lyman's parents reside at Wapakoneta. Surviving children are Elsie, Helen, Thelma, and Franklin Lyman. DEFICIENCY WILL REQUIRE BONDS

\$107,886.13 For Operating Expenses of the City

FOR REMAINDER OF YEAR

Law Requires 1921 Expenditures Not Exceed 1920

Deficiency bonds totaling \$107,886.13 will be floated by the city to provide money for operating expenses for the remainder of the year, if action is taken on the financial statement of the city, as of February 1, 1921, prepared for council by City Auditor D. L. Rupert.

The deficiency budget called for \$160,000 but had to be cut approximately \$52,000, because under the fall bill the basis on which the 1921 deficiency is determined cannot exceed expenditures for 1920. In other words, the law will not permit the city to spend more during 1921 than it did during 1920 and must operate on the 1920 basis.

BALANCE IN FUNDS
The balances in the various funds on February 1, except the sinking fund, according to the auditor's report were: General fund, \$4,260.03; health, \$1,797.89; safety, \$20,491.97; service, \$9,126.19; library, \$168.81; hospital, fire and policemen's pension funds, nothing.

The amounts that it is estimated will be added to the funds by taxation during the year are: General fund, \$12,607.38; health, \$4,117.44; safety, \$52,842.90; service, \$59,888.56; library, \$2,616.60; firemen's pension, \$512.46; policemen's pension, \$1,546.86.

Amounts to be received from sources other than taxation are: Gen-

eral fund, \$2,030.00; health fund, \$3,500.00; safety fund, \$8,000.00; service fund, \$4,000.00.
Total amount of credits available will be: General fund, \$15,867.41; health, \$9,415.33; safety, \$8,034.87; service, \$72,017.75; hospital, \$5,041.52; library, \$2,186.41; firemen's pension, \$512.46; policemen's pension, \$1,546.86.
OPERATING EXPENSES
The estimated operating expenses will be: General fund, \$38,600.00; health, \$21,370.00; safety, \$138,926.71; service, \$35,926.71; hospital, \$6,600.00; library, \$4,000.00; firemen's pension, \$512.46; policemen's pension, \$1,546.86.
This leaves the total amount of deficiency in the funds: General fund, \$19,732.59; health, \$11,954.67; safety, \$87,891.34; service, \$12,111.96; hospital, \$3,559.48; library, \$1,815.59. Total deficiency, \$107,886.13, for which deficiency bonds are expected to be issued.

ARMS LAID DOWN BY GERMANS

WITH THE ALLIED ARMIES IN GERMANY — (By United Press.)
Vagons loads of arms and ammunition were surrendered at French headquarters in Duesseldorf today. The collection included rifles, revolvers, cartridges and machine gun balls.

Strict regulations went into effect as the military regime assumed full control of the area.

All minor officials, policemen, firemen, foresters and customs officials were ordered to salute French officials under pain of court martial.

Censorship of newspapers became stricter and a 10 o'clock curfew was made effective.

Sentries at the city main approaches and at bridgeheads challenged every person who attempted to pass.

The Belgian line was extended along the Walsum canal from Speldorf to Schmitz under order of General Beaurain.

UGLY LOOKING RASH**

A Few Applications of Lanoated
Iodine Compound Will
Quickly Heal It.

Lanoated Iodine, is the ideal meth-
od of treating a rough, sore, pimply
rash. Unlike ordinary "Iodine" or "Jo-
hanna" it will not stain or blister. Just
rub it in before going to bed, and in a
few days you will wonder where that
ugly looking rash or those unsightly
pimples have gone. Your skin should
become smooth and velvety with-
out a single blemish on it.
Don't worry, another minute—start
this simple treatment today. Go to any
drug store and ask for a small
bottle of Lanoated Iodine. Use it to-
night. You will surely be pleasantly
surprised at the results obtained.
The soothing, healing and antiseptic
action of Iodine in this compound are
exactly right in like a vanishing cream,
which they quickly absorb the poison-
ous, dead or diseased tissues at the
same time protecting and soothing the
sensitive skin.—Adv.

DEATH BEATEN BY THE STORK

Birth Record in Lima For Two Months is High

MORE GIRLS THAN BOYS

Registrar Points Out Necessity For Birth Reports

There is on danger of race suicide in Lima; that is, if one may base such a statement on the number of births and deaths registered for the first two months of 1921.

In January there were sixty per cent and in February fifty per cent more births than deaths. There were 78 births and 48 deaths reported during January and 63 births and 40 deaths reported during February, according to Margaret L. Nash, Registrar for District No. 17, including Lima and the adjoining townships.

GIRLS OUTNUMBER BOYS

There were more boys than girls born in January, but in February the girls outnumbered the boys 39 to 24. Forty-one boys and 37 girls were born in January.

In January seven persons died between the ages of 70 and 80 years, six between 20 and 30 years and five between 60 and 70 years. In February five died between 60 and 70 years.

In accord with efforts being made by the state and federal government to have all births recorded so it will be possible to know exactly the age of a child when he enters school, Registrar Nash is compiling birth records of years back. Eighty delinquent birth reports were sent in during January and 25 more during February. Most of these are of six years back, since children entering school now must produce a birth certificate.

10 PER CENT NOT REPORTED

"We feel sure that 90 per cent of the births today are reported," she says, "but there are many of years back that are not. We would like for every parent whose child does not have a birth certificate to get in touch with us."

It may be possible that parents

do not think of the various reasons why they should insist upon the birth of the child being recorded, but the Children's Bureau suggests these as of vital importance:

To prove his age and citizenship; to prove his right to go to school; to prove his right to work, to prove his

right to an inheritance; to prove his right to marry; to prove his right to hold office; to prove his rights to passports for foreign travel; to prove his mother's right to a widow's pension.

Inheritance are often lost through the lack of birth certificate.

FRENCH COLLEGES HIT BY H. C. L.

Students Desert to Study in Germany, Report

PARIS.—The high cost of living in France has become a cause of serious concern to university professors. Not only are thousands of foreign students deserting French schools to study in Germany, but many French instructors have been forced to accept other work in order to earn a livelihood.

Before the war the University of Paris drew students from all over the world. They came not only because of the fame of the French university system, but because they could live more cheaply in the Latin quarter of Paris than in almost any other important educational quarter of the world.

The end of the war found prices not only sky high but the once cheap student lodgings converted into apartments, rented at sometimes ten times their previous price. The result was a sharp decrease in the number of students from abroad and the Latin quarter lost much of its gaiety that made it famous throughout the world.

The university faculty has been unable to obtain any appreciable increase in salaries for professors and instructors. A number have resigned, while others have accepted jobs "on the side" to help eke out an existence. As a result the whole university system has been disorganized and educational leaders fear the German universities will soon take the lead in Europe, dispensing German "kultur" to the detriment of France.

One striking demonstration of how the cost of living has affected student life on the left bank of the river Seine is seen in the attempt to revive the famous "Bal Bullier," the student dancing place, where good-natured, happy-go-lucky students used to spend their time before the war. The "Bal Bullier" might have been called the real center of life of the quarter. Once it was closed by the police after a number of artists' models had been fined for wearing improper costumes at an annual ball and in the student demonstration that followed one man was killed before troops restored order.

A short time ago the big hall was reopened and two lively orchestras were engaged. The newspapers were filled with advertisements and tourists flocked to the place by hundreds. But except on occasional nights the "Bal Bullier" sees few

Students—only tourists. High prices have made it out of the question for the youths who used to make merry to spend their money on wine and dancing.

Resinol FRECKLES

March Brings Out Unsightly Spots. How to Remove Easily.

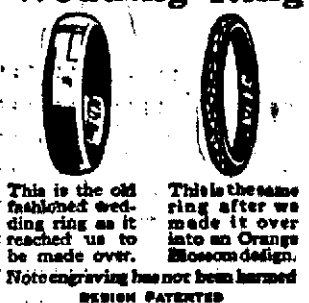

The woman with tender skin dreads March because it is likely to cover her face with ugly freckles. No matter how thick her veil, the sun and winds have a strong tendency to make her freckle.

Fortunately for her peace of mind, Othine—double strength, makes it possible for even those most susceptible to freckles to keep their skin clear and white. No matter how stubborn a case of freckles you have, the double strength Othine should remove them.

Get an ounce from your druggist and banish the freckles. Money back if it fails.—Adv.

BANK'S HEAD ONCE POOR IMMIGRANT

Story Revealed When Boston House is Closed

BOSTON — From an immigrant boy, trading the dusty roads of Massachusetts with a tin and tin pack on his back, penniless, hungry, and with his shoes stuffed with cardboard in lieu of soles, to stormy petrel of Boston's banking world—this is the dramatic and spectacular story of Simon Swig, whose Tremont Trust Company has just been closed by order of Bank Commissioner Allen.

Swig charges a "conspiracy" to ruin him because of his stand for "5 per cent and more interest for the people." Bank Commissioner Allen charges "unsound and unauthorized banking methods."

Swig's ascension to a position of power in the banking world, to a place of prominence in the political world and to a position of standing in the social community rivals the career of any hero of Horatio Alger or Oliver Optic.

Swig was born in Russia May 15, 1865. He came to this country when fifteen years old, a boy in short trousers, and did the menial work that is the usual lot of the young immigrant. His first venture into business was as a pack peddler. He collected rags and sold them from a pack on his back. He married a girl of fifteen.

Swig finally took residence in Taunton, where, with a small fund he had marshalled from his own privations, he launched himself into the junk business.

Swig then came to Boston in 1916 and in 1917 he was elected to the House from Roxbury. His political enemies attempted in vain to defeat him for re-election. They then accused him of spending more than the law allows and asked the House to expel him. The House heard the evidence and dismissed the complaint.

About seven years ago Swig became actively interested in banking and the Tremont Trust Company was formed. The former immigrant surrounded himself with influential men of standing who had faith in his ability. Former Governors John F. Bates and Eugene Foss were two of his staunchest supporters and have always remained so.

PNEUMONIA IS FATAL TO WILLIAM M'KIBBEN

William McKibben, 67, contractor, 206 Bellefontaine-ave., died Thursday night at his home, after an illness of five weeks from pneumonia. He had resided in Lima 25 years.

His wife died more than two years ago. Surviving are four children, all of Lima. They are Mrs. R. S. Cowles, Alvir, Robin and Charles McKibben.

Funeral arrangements have not been completed. Interment will be in Allentown cemetery.

ROLLING STOCKS USED BY O. E. TO BEAR NAME OF COMPANY OWNING SAME

Ohio Electric rolling stock is now being marked to indicate the division of the road to which the property belongs.

Disintegration of the Ohio Electric system has caused certain property to be taken over by each of the three of the organizations to which the rolling stock passes.

Practically all of the cars which belong to the Indiana, Columbus & Eastern are being so marked. Nearly all passenger cars here now are the property of the I. C. & E.

UNDERWRITERS TO MEET
"Insurance and Credit from a Bankers' Viewpoint," will be the subject of an address by Theodore Harris, cashier of the American Bank, to be given at the regular monthly meeting of the Lima Association of Life Underwriters at the Tike Club, March 12.

STRICKEN BY ILLNESS
Mrs. Henry Powell, 1013 E. Wayne-st., while visiting at the home of relatives at 126 Lafayette-st., became suddenly ill Thursday afternoon. She was removed to her home in an ambulance. Mrs. Powell was said to be much improved Friday.

REVENUE COLLECTOR'S OFFICE IS BUSY PLACE AS TAX REPORTS COME

Deputy Revenue Collector Herr's office, second floor of the postoffice building, resembles a tax-paying office, the eleventh hour of the last day.

Income tax reports for the year must be filed before March 15 and Collector Herr's office is a busy place just now, assisting those who are required to make out the blanks with the proper instructions.

Herr has an assistant. All persons who earned over \$1,000 for the past year are subject to income. However, married men and heads of families are exempt to the extent of \$2,000.

Certain other exemption may be found by Herr. Amount of money paid to churches and such organizations must be listed on the blanks. Even though no income is paid and exemptions are allowed, the income tax blank must be filled out and returned to Herr.

Penalty for failure to file a report is heavy. Thousands of dollars of tax, which may be paid quarterly, has passed thru the hands of Revenue Collector Herr the past week.

HOUSE VOTES TO ADJOURN MAR. 31

Ohio Senate to Act on Resolution Monday

COLUMBUS — (By Associated Press)—The House today voted to adjourn sine die March 31, when it adopted the resolution. Introduced last night by Representative Crabbe, of Madison, without a dissenting vote. The resolution goes to the senate Monday for action.

The House this morning passed five bills and introduced nine new measures.

Among the measures passed were the following:

By Senator Bowers, of Miami-co., providing for the separation of women and men jurors when it is necessary to hold jurors overnight during the deliberations.

By Senator Rowe, of Cuyahoga-co., making it a felony to remove mortgaged automobiles from the state or attempting to sell mortgaged cars with intent to defraud.

By Senator Kessler, of Henry-co., fixing a legal standard for cream at 18 per cent milk fats and 59 per cent for whipping cream.

By Representative Albough, of Miami, providing that actions against the Miami Conservancy district may be brought in any county in the district.

DIVIDEND DECLARED
AKTION — Directors of the Firestone Tire and Rubber Company today declared the regular quarterly dividends on 6 and 7 per cent preferred stocks. The dividend on common stock to this quarter was passed, but \$1.50 per share was set aside for the employees buying stock on the payment plan. It was announced that payment of the dividend on common probably would be declared for the next quarter.

HIGHEST BRIDGE FOR COLORADO

South Boulder Canon Span to be Over 600 Feet

BOULDER, Col.—Spanning the deep, yawning South Boulder canon, the highest bridge in the world—600 feet in the air—will be built this summer, according to announcement by Charles W. Richards, general manager of the "Kite" route of the Denver and Interurban Railway Company.

More than 600 feet high and 500 feet long, equipped with powerful arc and searchlights, the new bridge will not only afford a wonderful view of awe-inspiring mountain scenery, but will be a gorgeous spectacle in itself, by day and by night.

The span will be a suspension foot and burro bridge, almost twice the height of any bridge constructed, except one across the Zambesi River in south Africa, which is 400 feet high.

Steel for the construction of the projected bridge will be carried across the rock cliffs forming the gateway to the South Boulder canon, at Eldorado Springs. South Boulder is one of the most picturesque canyons of Colorado. The cliff rise above the waters of South Boulder creek more than 1,000 feet on the north side. On the south side, the canon, Castle Rock Cliff is a precipice of only 650 feet, so the bridge will be suspended in air about 600 feet because of the topography of the cliff forming the gateway.

A similar bridge, but at not so great an elevation, it being built by the United States Government across the Grand Canon of Arizona. Comparing the height of 600 feet for the proposed bridge with other notable foot structures, the lower suspension bridge over the Niagara, two miles below the falls, now replaced by a steel arch bridge, was 245 feet above water; the Brooklyn suspension bridge, connecting New York and Brooklyn, is 155 feet above water; the Washington Bridge, across the Harlem River valley, New York, is 133 feet high; the Williamsburg Bridge, across the East river, is 123 feet high; and the Kinzua viaduct, near Bradford, Pa., is 391 feet high.

The famous London Bridge, in England, is only fifty-five feet above water.

FIREMAN WALTER BURGESS SUSPENDED TEN DAYS

Walter Burgess, fireman at No. 6 engine house, was suspended from service for 10 days, Friday, by Safety Director Fred Fisher, on recommendation of Fire Chief Black.

Chief Black maintained that Burgess disagreed with other firemen and was unwilling to take orders from superiors at the sub-station.

NO ARRESTS MADE IN LIMA SINCE TUESDAY

Police have not been called upon to make an arrest since Tuesday night.

Neither have reports of disturbances or thots been received at headquarters, aside from some tools being stolen from a house under construction on W. Elm-st.

Criminal court has not been in session since Monday.

The Tuesday night arrest was made on a warrant from Justice Botkin's court. Two were made Monday, but both were released. One was held on suspicion and the other was claimed to be demented.

SELL STAMPS SATURDAY TO AID STARVING CHINA

To aid China, 15,000,000 of its inhabitants facing immediate starvation and a present death rate of one per minute, China Life Saving Stamps will be sold in all the banks and business houses throughout the city all day Saturday, starting at 9 a. m.

One stamp selling at three cents will save one life for one day; 34 stamps at \$1.00 will save one life for one month. Every one is urged to do his utmost in contributing to this cause as thousands will die without America's assistance, it is stated.

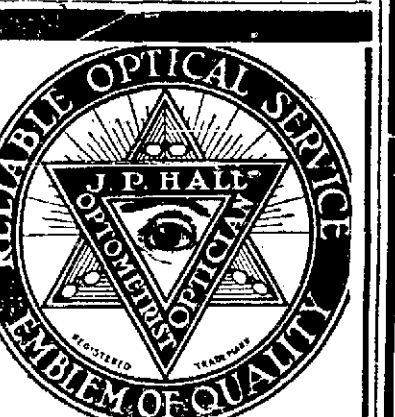

TEACHER, STRICKEN BY APPENDICITIS ATTACK

Miss Beatrice Fess, 1126 Bellefontaine-ave., teacher at the Resurrection school building, was stricken Thursday afternoon while at her duties in the school room. Examination developed appendicitis. She was removed to St. Rita's hospital, where she was subjected to an operation. Word from the hospital Friday was to the effect she is much improved.

TAX MONEY DISTRIBUTION BOOSTS BANK CLEARINGS

Transfer of a half million dollars from the accounts of the Allen-co. treasurer's office to the various taxing districts in the county is being accomplished this week. This change in funds has been the cause of the tremendous increase in bank clearings for the week. Within the next few days the clearings will again be normal and as business improves, should show a gradual increase. This transfer of money occurs each year about this time.

SCENERY DAMAGED BY FIRE: OTIS SKINNER COMPANY NOT COMING

"At the Villa Rose," with Otis Skinner will not appear at the Faurot theatre Friday night. Manager L. H. Cunningham Thursday afternoon received a telegram from Louisville, Ky., stating that a baggage car which turned there contained much of the company's scenery and property had been damaged to an extent that would prevent any performances this week.

The show will go to Milwaukee and rebuild and continue on its route. It is not known whether Manager Cunningham can secure it for a future date for Lima.

HARD TIMES FOR U. S. PREDICTED

Discouraging Outlook is Given by Japanese Seer

'ASIA WILL ASSIST,' HOWEVER

Wilson's Second Marriage Foretold by This 'Prophet'

(BY D. N. PARRY)
TOKYO — The fortunes of the United States of America for 1924, as seen by Professor Kenji Kodama, Oriental seer and diviner, are most discouraging. Professor Kodama it was who visited the United States, talked to President Wilson and received the executive's assurance that he had no intention of marrying, yet immediately prophesied that the President would marry a widow. At the Boers Club in Tokyo he recently called representative Japanese and foreign newspaper men together that he might give them, as is his custom, the prophecy for 1924 regarding the powers of the world.

Brightness appears in the prediction of Professor Kodama only for the Japanese Empire, and even in this country the failure to solve the America-Japan question is a discouraging note. America, says the Japanese prophet, is to experience an extremely hard year. England will be sorely torn by internal strife. Germany is headed either for the devil or for prosperity at breakneck speed, while Russia will continue to be a seething pot of turmoil and will be shunned by the world at large.

China will suffer from renewed droughts and will experience a radical administrative change, but Japan is to be blessed by the gods and will smile in the sunshine of an all-round prosperous year in which all her problems save the American-Japanese question will be solved.

GETS DIVINE MESSAGE

Professor Kodama's method of receiving prophecies is most interesting. He claims to obtain important divinations by a certain ceremony in which he makes himself, as one of the gods, and thus hears their divine messages.

The United States Professor Kodama compares to "a man without

legs to stand on," but he hastens to assure America that some great powers, possibly from Asia, will assist her to regain her equilibrium and recover her composure. "Japan and America," he says, "stand like two mountains. There will be no definite solution of the problems now pending between them, as neither mountain can approach the other."

The reports that Japan may have a new Premier during the year of 1924 were denied by the prophecy of Professor Kodama. Premier Hara, according to the divination, is to remain head of the government at least twelve months longer. Queried as to whether or not any of his larger prophecies had ever failed in materializing, Professor Kodama admitted that he had been too quick, while in America in 1916, to predict a Republican victory. After the Wilson second term victory he realized that he had been too quick in predicting Republican success.

"By the way," he said, "I predicted at the White House that President Wilson would marry a widow. The President told me then that he had no intention of marrying, but in spite of this he married before the year was over just as I had predicted."

OFFICIALS AND GAS COMMITTEE OF C. C. BATTLE ON RATE PLAN

City Solicitor H. B. Garling and Councilman A. W. Tarvin will meet with the gas committee of the chamber of commerce Friday afternoon to discuss the council's counterproposal to the committee's arbitration plan decided upon at an executive session Thursday night and to plan the next step to be taken in the solution of the gas rate problem.

Council suggests that it would be best to decide upon the kind of service the gas company is to render the city before taking up the rate question.

Council feels that since the proposed engineer arbitrator is to be paid by the city, he should be appointed by the council and not by representatives from the council and civic organizations, as suggested.

Council wishes also to retain the right to object to any figures and conclusions arrived at by the arbitrator.

It is the further judgment of council that the rates proposed by the company should not be considered in the negotiations and conclusion and that the rates proposed by the city should be held open for further consideration of the company for 20 days and if not accepted should not be considered.

MANY YOUTH ARE DEFECTIVE

Only 66 of 197 in Monroe-tp Are Found Normal

Of 197 Monroe-tp school children examined by Miss Ola Nickel, of the Allen-co Child Welfare association, 44 were pronounced perfectly normal. The school at Lewis Corners, with 48 per cent of the children normal and the Rockport school with 46 per cent normal, Monroe Center school was found with only 20 per cent free from defects.

Defective teeth were found in 71 cases, diseased tonsils in 56 and impaired vision in 25 instances. Deafness and wrong methods of breathing were two other factors considered and many children were found subject to them. Children underweight in the township schools were placed at 33 with the largest number, 17, being 10 per cent underweight.

Two children were found in a suspected tubercular condition and four were found anemic. One case where development had been unduly retarded was discovered.

These inspections are made every year in order that any diseases or defects in the school children may be discovered and corrected before serious results are suffered by the child.

MARRIAGE LICENSE CLERK IS PATIENT AT HOSPITAL

Miss Jessie P. Miller, marriage license clerk at the Allen-co court house, at the City hospital for treatment, is much improved, according to her physician. Miss Miller has been ill for more than a week. She is expected to be able to leave the hospital within a few days and will soon return to her accustomed place in the Probate court office.

"MAIL IN THE MORNING" IS PRACTICE ADVOCATED BY POSTMASTER SULLIVAN

Not only is it a good idea to mail Christmas parcels early but to start all mail matter early at any time, according to Postmaster J. E. Sullivan who advocates a "Mail in the Morning" practice. This he says will permit the speedier and more accurate handling of important mail during the rush periods and reduce the present excessive amount of night work required of post office clerks.

"An hour's delay in mailing may result in a day's delay in delivering," he says. "Seventy-five per cent of all letters are handled during the rush hours from 5 to 8 p. m. Patrons can assist in relieving this congestion if they will mail early and often. Sign letters at noon and at frequent intervals thereafter and mail often during the day. Mail circular matter and relatively unimportant mail in the morning. The postal service handles a

million and a half letters every hour. Each letter in its course through the mails, is handled an average of eight times. This means the service handles twelve million letters every hour of the day and night."

**BOY LOSES GIRL,
WEDS MOTHER**

**Louisville Youth's Romance
Shattered in Vengeance**

LAD, 19, TAKES WIFE, 45

**Married Parent "to Conquer Her
Daughter"**

CHICAGO—The romance of a boy and a woman old enough to be his mother went on the shoals today. This is the result of folly.

"I must have been foolish when I subjected myself to the marriage," declared Winston Phillips, 19 years old, son of Dr. William Phillips, dentist, of Louisville, Ky., as he sat in his room at a hotel today, reminiscing of becoming the husband of Mrs. Tuella Gaines Phillips, 45, prominent in Louisville society circles.

Winston formerly was engaged to Susan Gaines, 19 years old, daughter of his present wife.

A short, clandestine love, in which he transferred his affections to the mother, resulted in them eloping to Shelbyville, Ky., last Saturday night where they were married.

Mrs. Phillips, who is the mother of four children, said that she realized the folly of her act and intended to return to her home in Louisville.

Mrs. Phillips received a telegram from her brother, requesting that she return to her children. She passed it to her husband to read it. With a quizzical smile he nodded his head in approval.

"I realize I have made a mistake," said Mrs. Phillips. "I intend to return home in a few days. I at first decided to go thru with the honeymoon, but my love for my children is too dominant."

The handsome young husband apparently was not perturbed by his wife's declaration. "I'd like to see my wife go back to her home," but there is a question of doubt whether Susan and her three sisters will regard her as a mother now. They were distracted when we first mentioned our contemplated wedding. I am sure the wound we have caused them is too deep to have become healed in these few days.

"It merely is the old story," he said. "This is the greatest experience I ever have encountered, and one which I will profit by in the future."

"I never will return to my home in Louisville, the humiliation upon facing the daughter would be unbearable. I am leaving the latter part of the week for Los Angeles."

Phillips was asked if he really loved the woman he married.

"I refuse to answer such a personal question," he said, "but as far as I now can appraise myself I married

the mother to conquer the daughter."

The latter and her sister, he said, strongly objected to the marriage of their mother to Phillips.

"The reason they objected to the marriage was because they said they never would call me 'daddy.' When we told the daughter who I had been engaged to that her mother and I were to be married she screamed hysterically and fell to the floor in a faint."

"Besides being engaged to the daughter, I also was engaged to another Louisville girl prominent socially."

"The breaking of the engagement with Miss Clark really is of very little consequence, for I never cared a great deal for her. However, I regret the pain I have caused Susan, and hope at some later time to be able to make reparation."

"I think that when my wife returns to her home the latter part of the week our relationship will cease to exist. She told me today that if I wished an annulment of the marriage it would be agreeable with her."

"I don't intend ever to try to resume friendship with the daughter, Susan. It would be useless. She told me the night her mother and I eloped that she hated me and never would speak to me again."

"Whether I will apply for a divorce after reaching California is a matter of conjecture. I am in hopes that the proceedings will be instigated from this end of the line."

In spite of the remarkable situation which has developed neither of the couple seems to be worried particularly. They laugh and talk as tho their marriage was a youthful escapade.

"Altho happy most of the time, I have lived three years in the last three days," was one declaration made by Phillips. "I will not be contented until I am located in California."

OPEN LETTERS

To My Citizens

YOU have started what I hope will be a record month from the standpoint of low fire loss. So far I have had very few blazes this month and with your cooperation this evil may be reduced to a low mark. Keep up the good work.

LIMA BEANE.

To Central High School Students
To South High School Students

MY YOUNG FRIENDS: You meet tonight in an athletic contest to determine which school has the superior team. I realize that all of you will attend the game and that you will be highly enthusiastic and will pull for your respective teams. That is proper. School spirit is a fine thing and should be encouraged.

I do want, however, to call your attention to the fact that if athletic contests are to be successful true sportsmanship must be observed. Root yourselves hoarse and yell till your lungs are sore, but please don't let it go further.

LIMA BEANE.

To Community Fund Heads

FRIENDS: I have been informed that you have chosen A. W. Wheatley as chairman of the organization which seeks to create a fund of \$30,000 for the Community Chest, to be placed in the hands of various organizations for distribution where needed.

I never did like the word "drive" in connection with anything, but if it is necessary to assure the success of the movement for a community fund, let's use it and use it strong. With a man of the energy and calibre of A. W. Wheatley at its head, the fund drive ought to be over with a bang.

LIMA BEANE.

To E. F. Stallamith

DEAR SIR: I have noted with gratification that under your direction as Boy Scout Executive the number of Scouts has increased in Lima in one year from 50 to 250 and that there are now nine Troops.

The selection of Judge Fred C. Becker as president and other prominent local men filling positions of importance and trust in connection with the Boy Scout Council, means that you will continue to have the cooperation and support of the best citizens of Lima. I feel that the Boy Scout movement will continue to grow and thrive.

LIMA BEANE.

To Dr. E. L. House

MY DEAR SIR: I have enjoyed your lectures in Lima churches and elsewhere during the past two weeks and believe that you have made an impression for good upon all who have heard you.

I want to voice my agreement with the sentiment you expressed in your lecture on "The Psychology of Dress," as applied to women. The modern tendency in woman's dress appears to be to see just how daring the idea can be of shortening them at the top and the bottom.

Truly, "all notions of propriety have been swept away" in some cases and heaven only knows what the outcome will be if radicalism in woman's dress is continued.

LIMA BEANE.

To the Rotarians

DEAR ROTES: On a previous occasion I addressed a letter complimenting you on the aid you had pledged to help the crippled children of Lima and vicinity and since the fund you have provided and the interest you have taken is bearing fruit abundantly, I want to amplify the commendation previously given.

My favorite newspaper tells me that proof sufficient of the great work you are doing thru your Good Fellowship committee, in aiding the Red Cross, the City Hospital and the local physicians, is evidenced at the hospital, where a number of children are receiving medical treatment and the benefit of surgery that will make them well again.

You could not do anything in this life that would redound to your credit in a greater manner. I thank you in the name of my crippled children.

LIMA BEANE.

To Designers of Men's Clothing

FRIENDS: I am informed that you have decreed more moderation in styles for my men this spring. The fact that you have ruled that "loud" shirts are out of order is especially pleasing to me. Men who have been in the habit of bedecking themselves in a manner to resemble a barber pole now will step out in spotless white, I am told, because of your activities. The belts which have caused them to appear as being cut in two will be lacking. Allow me to compliment you on your good judgment.

LIMA BEANE.

To Lima Beane

I HAVE been a weekly reader of your Open Letters appearing in the Friday News, and find that you cover the points with brevity, not losing the punch in so doing. I also have observed that you are accomplishing much good. Fair-minded, constructive criticism together with a pat on the back when deserved is the best policy and I find that you adhere to that rule.

L. E. R

To Officers of Lima Street Carmen's Union

DEAR BOYS: If I were in your place I would make it a point to preach the advantage of gaining public good will at every union meeting.

What is the direct route to such good will? Well, it's not the treatment the public gets from conductors who follow the tactics of one man on the Bellefontaine-ave line nor is it thru that of another man on the Wayne-st line and of a few others I have seen on some other lines.

I would say that the shortest route is by adopting the plan I have seen a Market-st conductor and still another on the Wayne-st line use. I saw one assist an elderly woman from his car with a number of bundles and I saw the other step from his car in the rain and raise an umbrella for a woman with two small children, whom he helped down.

Contrasted with this service, I saw one of the men mentioned above insult a patron who asked a civil question about service. I saw another refuse to leave his stool to help a crippled woman up the steps of his car. I could recite a number of such instances.

You boys are drawing your pay from a privately-owned corporation, but the public is paying the bill. You take your orders from the company which hires you, but you really are working for the people of the city. If you are not valuable to the public you are not valuable to your employers.

Some time ago you asked for more pay. You got it, but who footed the bill? Everyone knows it was the people who drop tickets and 7-cent fares in the cash boxes on your cars. Don't you think you owe these people something in return?

LIMA BEANE.

To Prof. J. E. Collins

DEAR SUPERINTENDENT: That Lima has taken first place in the work of the establishment of night schools is very gratifying to me, I assure you, as it is another exemplification of the righteousness of the claim that "Lima Leads."

That Lima is the first city in Ohio to start a night school under the federal and state aid law is an evidence of educational progress. I understand that State Inspector McMillen has complimented me very highly on my possession of up to the minute grade and high schools, night school and sub-normal department. I am very much gratified and wish to assure you that I appreciate the service and aid you have given in making it possible for my schools to win commendation.

LIMA BEANE.

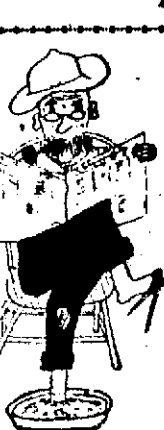

To Income Taxpayers

MY FRIENDS: There are only a few days left for the paying of income tax. Those who made \$1,000 if single and \$2,000 if married, during 1920, must file returns. Blanks for this purpose may be secured at the office of the deputy revenue collector at the Postoffice building. Officials there will assist those desiring help in the making out of reports.

I sincerely hope there will not be a delinquency in my city. Failure to make returns is punishable by a heavy fine and imprisonment may even be ordered. Please attend to this matter before March 15, the last day allowed by the government.

TODAY'S HEALTH HINTS

By William Brady, M. D.

SAVED FROM BLINDNESS

I have carefully studied the detailed reports of several cases of alleged restoration of eyesight to the blind thru some freak healer's trick or thru an alleged miracle, and the result has proved disappointing. It is a curious fact that even a slight improvement in the vision of an individual whose vision is impaired is hailed with great acclaim as a miraculous accomplishment if the improvement is associated with any freak method of healing or miracle worker, whereas when such improvement occurs under conventional medical treatment nobody thinks it worthy of more than passing interest. The public loves to be humbugged, and no mistake. When humbug is concerned, the victim will cordially and cheerfully exaggerate the most trivial improvement into the most extraordinary miracle. I quote the following passages from a letter a reader, not because the reader conveys any extraordinary news, but because it is rather unconventional for a patient to fetter his experiences so vividly when the treatment has been the routine treatment employed by the ordinary every day physician.

Dear Sir: In 1901 I began to notice that my vision appeared to be blurred, but at the time I did not suspect cataract, altho my mother had been afflicted to permanent blindness in that way. I had for many years been compelled to use my eyes under gas and electric lights, and when the trouble increased I decided to consult an oculist. Yet I did not do so for a whole year; meantime my sight was slowly but surely becoming weaker.

I consulted . . . who operated upon the left eye, which was much more obscured than the other. In fact it was "ripe" as the oculist said. The results were simply ideal. Of course, I was anxious to have the right eye operated on also, but the his advice, going to him for examination at stated intervals. The operation on the left eye was done in 1905, so you see a considerable time had elapsed since I had first noticed the falling sight.

In one of your articles you referred to a "second operation" on the eye, meaning, I suppose what is called "needling." This was carried out in my case and seemed to help things along wonderfully.

My experience like those of several others of my acquaintance similarly afflicted, show that cataract operations are rightly included in minor surgery, and provided the patient is in at least fairly good physical condition he will emerge restored to satisfactory eyesight with the aid of proper glasses.

The pain of an operation is nil because of the perfect action of the local anesthetic employed, and indeed

WHAT THE STARS PREDICT

This is a lucky day. Under this rule of the stars those who seek new appointments should meet with success. There will be much discussion, especially by legislative bodies, regarding aviation, which should develop rapidly as a result. Love affairs begun today are governed by kindly stars. Women will be more prominent in public affairs than heretofore, and will acquit themselves creditably. Persons whose birthday this is, will have a year marked by changes that make for happiness and increased prosperity. ORPHEUM BILL PLEASES NEWS REVIEWER

Program Far Better Than For First Half of Week, It Is Assured

Pearl White Easily Retains Her Faurot Saturday Admirers—"Irene" at

(By ESTHER WAGNER.)

If you're at all keen on dancing act, sprinkled with a goodly amount of real singing, you're going to approve entirely of the program being offered to Orpheum patrons the last of this week. For the bill is made up, mostly, of splendid dancers, and a few songsters who are above the average. They follow herewith:

The Three Wilsons have the acrobatic act this time, and are delightful. While two of the company and a wife with their teeth, the third performs a number of dizzy feats thereon. A splendid act and a good opener.

Les Aristocrates, the headliner performance, is a beautiful dancing act, gorgeously staged and costumed. The dancers, two girls and a man are like and graceful and their numbers are decidedly interesting. The Spanish dance especially pleased.

Bert Murray and Nicholas also have a dancing act, with beautiful backgrounds and clever costumes. Their vocal numbers are also high class and the act is one of the best on the entire program.

Barra Sisters, in a pianologue of songs have a cycle of new and interesting songs and please mightily with "I Ain't Gotten No Time To Have The Blues," their best number.

Marks and Rosa have a comedy referring that took well at the opening performances Thursday. Also, the same.

Ulford and Stinlev, two oldish gentlemen, have an unusually humorous skit and after having a lot of fun with themselves and the audience they wind up with "A Perfect Day," beautifully rendered.

A better program than the first half, by far.

"The Tiger's Cub"
It is perfectly easy to understand the hold Pearl White has kept on her admirers thru the years. There are more beautiful women than she there are better actresses, but there's a gay camaraderie about Miss White an air of whole-hearted goodfellowship that puts her right among folks and makes her one of 'em.

"The Tiger's Cub" might be briefly described as one of those Alaskan pictures. It's a rather melodramatic tale of life in the cold country where a girl known as the cub, supposed daughter of one of the most desperate characters in the region, finds her self entangled in a mesh of love, hate and tragedies, thru which she gamely fights her way until in the end triumphs out.

It develops that she isn't the Tiger's offspring, after all. Her name is Miss Mary Mackenzie, and she's a perfectly nice and respectable girl, worthy to marry the decent chap who wants her.

Miss White is nice all thru the picture. You'll be fond of her as

you watch her eager ministrations to the shrieking infant, left on her doorstep, or "were, who no lives, infant co'd go thru all this on does and still remain alive). And she's good to look at too; not beautiful, but just sort of vivid and interesting.

Mr. Carrigan qualifies as the lover. Messrs. Evans and Baston make a pretty pair of villains. The action is swift, the photography's good and the scenery is fascinating. It's one of the best snow pictures that has come this way for a long time.

"Tiger's Cub" is the feature attraction at the Sigma.

Faurot—"Irene"

Local theatregoers who keep posted on what is hitting the public fancy in New York and the big cities who keep supplied with the latest phonograph records and sheet music, will no doubt welcome the news of the engagement of the Vanderbilt Producing Company's production of the great international musical comedy hit, "Irene," which comes to the Faurot Saturday, presented in the same lavish manner and with a cast of well known players, that has characterized its metropolitan run.

"Irene" was produced something over a year ago at the Vanderbilt theatre in New York, where it is still playing to capacity houses, and was written by James Montgomery Joseph McCarthy furnishing the lyrics and Harry Tierney the music. It tells a pretty and appealing love story, and is one of the few musical plays that lay claim to a plot.

There are twenty big musical numbers of which at least nine are distinct song hits, among them being, "Alice Blue Gown," "Irene," "Skyrocket," "To Love You," "Last Part of the Party," "There's Something in the Air," "Castle of Dreams," "We're Getting Away With It," and "Hobbies."

The Vanderbilt Producing Company have sent three American companies of "Irene" abroad, one now playing the Empire theatre in London, another in Paris, and the third in Melbourne, Australia, where this charming musical play is duplicating its American success.

Thursday was an ideal day for the Woman's Music club matinee at Memorial hall and a large attendance was there as has been usual all this season.

The leaders for the day were Mrs. C. S. Baxter and Miss Ella Eysenbach who certainly had a well arranged program of choice numbers from the great masters to a few moderns.

The two fine grand pianos belonging to the club, were brought into use in an eight hand number, "Polonaise in A Major," Chopin, played by Mrs. Charles Preston, Miss Catherine Jones, Miss Anna Cantwell and Miss Eleanor Timmerman, whose ensemble was a real treat. Each one being an accomplished pianist played splendidly.

"To Spring," by Gounod and Prelude from "A Cycle of Life," Landou Ronald, were two fine examples of the best in the old and the new and were very well sung by one of the club favorites, Mrs. Bertha Falk Callahan, with Mrs. Fred Calvin as accompanist.

The next number brought out one of the many promising young girls, who are all hard at work studying music, namely Miss Margaret Neuman. Miss Neuman played a Sonata by Handel on her violin accompanied by Mrs. B. H. Holmes at the piano.

A new local artist appearing before the club for the first time was Miss Mildred Huber, Delphos, one of the best pianists of the season's matinees. She played most difficult numbers with ease and was a delight to her audience, who thoroughly enjoyed hearing not only club members but other musicians for they well know the benefit it is to both audience and player and in many cases to the instructors for they certainly deserved a hearing for their talented pupils.

Miss Huber played Schuman's "Sonata," Schubert-Liszt "Impromptu in C Minor" and Chopin's "Fantasie Impromptu in C Minor."

Again were Mrs. J. K. Bannister's many admirers pleased by her reading of Oscar Wilde's most beautiful story of "The Young King," in such a way as to fully visualize the setting of the three dreams with their settings of Oriental splendor and the extreme poverty of the subjects who form the greater part of the populations of such lands. Adding much to the beauty of the reading was the musical setting adapted by Mrs. Harry McDonald.

The closing numbers were exquisitely sung by Mrs. Helen Thompson Geyer. The first one was a Swedish folk song with violin accompaniment by Mrs. Gale Dunfion, the second was "Fair Dreams" by Buzzi Poccia, Miss Violet Bradley being a most interesting accompanist.

The next matinee will be an organ recital at the First Baptist church, Thursday, March 31.

Women's and girls' black kid oxfords, low heels, medium narrow toes, \$6.50 values, while they last, only \$2.98.

"Auction of Souls", Starting at Lyric Theater Sunday, One of the Biggest Pictures Ever Screened

When you see it you see actual history marching in bloody phalanx before your eyes. Leading woman actual victim of Turkish Armenian atrocities.

The Lyric theater, in keeping with its announced policy of always giving to its patrons the best to be had, announces for Sunday "Auction of Souls" which is generally admitted to be one of the biggest productions ever screened. If you really appreciate good pictures; if you are at all interested in world events; if you are attracted by the best, then you'll not miss this picture. It is a most extraordinary production for the reason that Aurora Mardiganian, the leading woman in it, was an actual victim of the great Turkish crime in Armenia during the war when 500,000 young women suffered to a greater or less degree the torture and humiliation that fell to her lot. It's actual history on the screen—big, vivid, flaming history from the greatest chapter of cruelty of all time. It brings home to you what actually happened, not in the hazy manner of the book or newspapers but in a way to make your heart throb with human sympathy. The story is entirely too big to narrate in detail here. It's a wonderful revelation of the most astounding race persecution in the history of the world. It's thrilling to the supreme degree. It's informative. It's authentic. Do you think for a moment that you can afford to miss it? And please arrange to come early and avoid standing.

Honoring the fifth birthday anniversary of her daughter Marie Frances, Mrs. Norman Funnell entertained at a very pretty party at her home Wednesday. The rooms were decorated throughout with Easter suggestions. After enjoying children's games and various pleasures a dainty lunch was served. Each guest was presented with an Easter basket as a remembrance.

Guests were: Callista Van Pelt, Fests Stevens, Helen Marie Callahan, Edmore Massey, Geraldine Felt, Wapakoneta; William O'Connor, S. J. Van Pelt and Robert Funnell.

Mrs. W. L. Reid, W. Market-st. entertained very informally at luncheon at the Elks' home Wednesday. Bridge was enjoyed following lunch, with Mrs. H. L. Breckenridge, Mrs. Clair Toland and Mrs. Charles Beggs holding high scores.

Guests included: Mrs. H. L. Breckenridge, Mrs. Grace Back, Mrs. Harry Harper Jr., Mrs. George McHaffey, Mrs. W. G. Graham, Mrs. T. B. Greene, Mrs. Frank Moke, Mrs. E. L. Andrews, Mrs. Charles Beggs, Mrs. Clair Toland and Mrs. L. A. Larsen.

Fourteen members and one guest, Mrs. Harry Beach, were in attendance at a very enjoyable meeting of the Friendship club at the home of Mrs. W. M. Flick, E. Elm-st. Thursday. Spring flowers were prettily arranged throughout the rooms. The afternoon was quickly whiled away in music and social chat, and later a three course luncheon carrying out a pretty green and white color scheme, was served.

Mrs. Boyd, N. Jameson-ave, will entertain the club in two weeks.

Members of the Thursday Evening Bridge club were received by Mrs. James Gallaspie at her home on N. Collett-st. Thursday. Bridge was enjoyed throughout the evening with Mrs. Thomas Hoffman, Mrs. Charles Rheim and Mrs. V. G. Dickensheets holding high scores. Mrs. Thomas Hoffman was the only guest.

In a fortnight the club will meet with Mrs. Elmer Hays, W. Market-st.

Mrs. J. B. Well, wife of J. B. Well, manager of the Leiser company arrived in Lima Thursday from New York City to join her husband. Mrs. Well came here recently to assume his new duties. They will make their temporary home at the Hotel Norval.

Mrs. Ada Barker Holland left Friday for her home in Detroit, after visiting with Mr. and Mrs. James Britt.

Mr. and Mrs. Frank M. Siebers, en route to Detroit are the guests of Mrs. Froning, Richie-ave after visiting for several months in Florida.

Mrs. H. R. Reese, Lowell-ave, was hostess to the members of the Laurel club Thursday. Spring flowers were most effectively used throughout the rooms. Following the business session Mrs. Nathan Coon gave a reading, "St. Patrick," and in a unique contest Mrs. Ora M. Green, Mrs. Rodney Lynch and Mrs. John Keltner were successful. Needle work and music occupied the remainder of the afternoon hours and later the hostess was assisted in serving tea by Mrs. Glen Eversole.

Present were Mrs. Glen Eversole, Mrs. Ora M. Green, Mrs. John Tobie, Mrs. Rex Maynard, Mrs. Rodney Lynch, Mrs. Frank Kinta, Mrs. Ralph Jacobs, Mrs. Nathan Coon, Mrs. John McCall and Mrs. John Kiltan.

Next meeting will be held with Mrs. Ora M. Green, Lincoln-apt.

Thursday evening in the New Pompano dining room at the Elks' home, Miss Bessie Kelly entertained the Art Study club at their first meeting since the recent Art Exhibition of which they feel justly proud as a factor in promoting interest in the study of art as has been shown by the splendid sum turned in and the subscriptions being made toward the purchase of a picture painted by one of the best American painters. This will be a step toward the long wished for art museum for our city.

Mrs. Charles Garbyle and Miss Helen Neuman each read interesting papers upon the work of prominent American sculptors after which delicious refreshments were served.

Mrs. G. E. Faust, E. Elm-st. was agreeably surprised Tuesday evening when a company of friends gathered at her home in celebration of her birthday anniversary. The evening was enjoyably whiled away in cards and a taffy pull after which light refreshments were served.

Present were Miss Yvonne Faust, Mrs. Smith and daughter Nelleta, Miss Iola Dawson, Mrs. Parlette and daughter Miss Edna and Miss Bernice, Miss Nora Neuman, Mr. and Mrs. D. B. Faust, J. H. Miller Jr., Mrs. J. S. Smith and daughters, Irene, Mary and Edith, Mrs. Susan Faust and Mr. and Mrs. C. M. Faust.

Mrs. Fred Kepner, S. Broadway-ave was hostess at 1 o'clock luncheon to a group of friends at her home Wednesday.

Covers were laid for Mrs. John Brown, Mrs. John Drury, Mrs. Paul Storer, Mrs. Ray Snyder and son Junior, Mrs. Clem Lory, Mrs. Meff Acker and the hostess.

Mrs. Jennie Cloor and son Ray, Lafayette, were guests of Mrs. Amy Fisher Thursday.

Miss Hazel Dickman is home after visiting in Akron for several days.

MARRIED; AFRAID TO TELL MOTHER

Dear Miss Smart: I AM a man 24 years old. I married in a girl 16. We were married in Monroe, Michigan three weeks ago. My best friend knows of it, but my mother doesn't know it and we are afraid to tell her. Can her mother do anything to help?

THE Michigan laws provide that a girl 16 years old may be married that state without her parents' consent. In that case, you mother can do nothing to interfere with your marriage. The best thing you to do is to confess to her that you are married and take the consequences like a man. Neither you nor your wife can be at peace until you tell her mother and there is no time like the present.

If your wife is a good manager and is economical you should to live very comfortably on your \$30 a week. I wouldn't say I should make more, because not knowing you, I do not know what capable of doing. I will say, however, that you should be ambitious and never be so satisfied with yourself or your salary that not care to strive for better things and for greater success.

Dear Miss Smart: (1) Is it alright to go out riding from a social if the boys you go with are school mates and if some other boys and girls go along too, if you are almost 16? (2) Is it alright for a boy you know to put his arm around you when you are out with him? (3) Who should speak first, the girl or boy? (4) What is the average weight of a girl of 14 and what is the average height of a girl 15?

(1) Perhaps if they are home early and do not ride long. (2) It is not the proper thing to do. (3) It is considered proper for the girl to speak first. (4) The average weight of a girl of 14 is about 95 or 100 pounds. Of course, a great deal depends upon her height. The average height of a girl of 15 is about five feet, one inch.

Dear Miss Smart: (1) How could a "correspondence club" be conducted? (2) What is the fare to Hollywood, Cal? (3) A correspondence club is very easily conducted. In fact there isn't really much to it. Conduct it just as you see fit. (2) The fare to Hollywood, Cal., is about \$94 and some odd cents.

Dear Miss Smart: If one takes a raw egg and breaks it on the head and then washes the head in just the raw egg will it help the hair? (2) What is the unparadonable sin? (3) Don't you think if some of the girls would wear their dresses longer and dress differently out on the street, they wouldn't be resented so much by the boys and men like they are?

(1) To wash the hair in raw egg which has been beaten a little is very good for it. However, I would advise you to break it elsewhere than on your head. (2) The unparadonable sin is any sin against the Holy Ghost. This is interpreted differently by the various biblical students, but I think the majority

of them adhere to this view. I think you are right.

Dear Miss Smart: (1) How can I entertain a town girl friend who is going the week-end with me, besides movies? (2) If I would have a party inviting a few girl friends would be able to serve?

BLUE E (1) Invite a few friends. Spend the afternoon or evening cards, dancing, contests or pleasures. (2) Sandwiches, salad or any other salad you may desire; olives or pickles, hot chocolate or coffee.

Dear Miss Smart: It is of great importance to know whether or not third cousins marry.

THE law does not interfere with marrying of third cousins, but churches advise against it.

EQUAL SUFFRAGE IN 22 COUNTRIES

Several, However, Put Restrictions on Women's Vote

AGE RAISED IN BRITAIN

Canadian Females Have Same Rights as Men

(BY WILLIAM L. MALLABAR)

LONDON — There are 22 countries in the world in which women have equal suffrage and eligibility with men and only two in which the franchise is given to the "weaker sex on different terms from the males. These two countries are the United Kingdom of Great Britain and Ireland and Hungary.

A very careful and complete report has been made on this matter by the International Women's Suffrage Alliance. On reading the "franchise" of the various countries it is noted that with the exception of the English-speaking America, the English-speaking countries have seemingly given the franchise in a grudging spirit and with as many restrictions as possible.

In Great Britain the women got the vote in 1918 after they had now in the war that their help was indispensable. But a woman cannot vote until she is thirty years of age. There is one woman Member of Parliament—Lady Astor—and in addition there are a large number of Justices of the Peace.

SUFFRAGE IN AUSTRALIA

The women of Australia received commonwealth suffrage and eligibility with men on equal terms in 1902, but this did not give them the franchise for the different State Parliaments and Municipal Councils. The position of the various states is about as follows:

New South Wales gave them municipal suffrage without eligibility to office in 1877, franchise for the Legislative Assembly in 1902, and eligibility for Parliament and Municipal Councils in 1919.

South Australia gave municipal suffrage in 1880, franchise for Legislative Assembly and Council in 1894, eligibility for the Legislative Council in 1894, eligibility for Municipal Councils in 1915.

Western Australia gave the municipal franchise without a seat—in 1917, franchise of the Legislative Council and Assembly in 1899, and a bill for all in 1920.

Queensland is still a little behind.

hand, for, while women have had municipal franchise since 1886 and legislative franchise since 1902, they are still without the right to a seat in the various sessions.

Victoria, having given the vote to women for Municipal Councils in 1886, followed with a vote for the Legislative Council and Assembly in 1902, but did not give the women a right to representation by one of their own sex in Parliament or Council until 1919.

Tasmania has had the franchise for Municipal Councils since 1884 and the same for Assembly and Council since 1902, but she still refuses women the right to sit in her meetings.

No women in Australia have so far been returned as members either to the State Legislature and Councils for which they are eligible or to the Federal Parliament, but it is believed that next election they will show a change in this attitude.

SITUATION IN CANADA

In Canada women have votes on equal terms with the men, but the Federal amendment is not yet ratified. They have not voted yet in Federal elections, but only in State elections, where three women members of the State Parliaments have been elected.

Three women stood as candidates for the Legislative Assembly of New Zealand soon after the passing of a bill giving them eligibility in 1919, but none were elected. Women in New Zealand have had municipal suffrage since 1886.

Austria gives the women the vote on the same terms as the men. Two million voted in the first equal election in January, 1919, and there are now in Austria eight women Members of Parliament, twenty-two city councillors, one deputy-mayor and one hundred and twenty-six municipal councillors.

In British East Africa women got their votes and eligibility on equal terms for white men and white women in 1919. The two sexes were enfranchised together at that time.

Czecho-Slovakia has thirteen women members in the Lower House and three in the Second House. VOTE IN DENMARK

Denmark gave women the municipal vote in 1908 and the Parliamentary vote on equal terms with the men in 1915. Women voted in 1918 and 1920 and they now have eleven women members. They have passed a law for equal pay, equal admission to all posts and an equal status in marriage.

Estonia women have votes on equal terms, and there are five women members of Parliament.

Finland has had some kind of a woman's franchise since 1863, but they only granted a full franchise and eligibility in 1907, when they returned a nineteen women members to Parliament. There are now eighteen women in Parliament.

Women got votes on equal terms in Germany in 1918, eight weeks before the elections. Twenty million

women were enfranchised and 70 to 90 per cent voted. In the last National Assembly they had thirty-nine members in Parliament, 155 in State Parliaments, and 4,000 city and municipal councillors. In the recent elections thirty women were returned to the Reichstag.

QUALIFICATIONS IN HUNGARY

Hungary is a little out of the running. Women were granted votes in November, 1918, but while men have the vote at twenty-one years of age a woman must wait until she is twenty-four before she has the same privilege. She must also be able to read and write, while these qualifications are not a necessity where the men are concerned. Only one woman has so far been elected and she got her seat at a bye-election.

Women have votes in Iceland on equal terms with the men, and this is part of the new constitution. They have had City Councilors for a long time, but have no woman member of Parliament.

Men and women both got votes on equal terms in Lettonia in 1918. Five women have been elected to Parliament and many to City Councils. Lithuania gave votes to both sexes in 1920 and on equal terms. Five women have been elected to Parliament.

In Luxembourg men vote with women at the age of twenty years. Women have voted twice, so far—first in the referendum and then in the elections. One woman is in Parliament.

The Netherlands gave votes to women on the same terms as the men (twenty-five years). They were eligible for office for a few years prior to receiving the franchise and there are two women in Parliament and eighty-two women on City Councils together with several Aldermen—all elected by men.

FULL RIGHTS IN NORWAY

Norway has had full rights since 1913, up to which date women had suffrage and restricted eligibility since 1901. The voting age for men and women is twenty-five years and the age of eligibility for both sexes is thirty years. No women members of Parliament have been elected, but several alternates have been returned.

For the Jewish National Assembly of Palestine women were granted equal suffrage and eligibility in 1919. Several women have been elected to the National Assembly in Jaffa and a woman has been appointed to the Board of Education in Jerusalem.

Poland has eight women M. P.'s and the women vote there on equal terms with the men. Rhodesia women got votes on equal terms in 1919 and one woman M. P. has been elected.

Sweden gave women votes on equal terms, but it will not be ratified till after the Fall elections. It will be thru by February, 1922, and they will vote in the following Autumn. At present there are about 430 city and municipal councillors who are women.

Russian women were given votes on equal terms during the first revolution and several women served in Parliament and in the cabinet. Nothing is known of the exact state of affairs just now, as Russia does not belong to the International Alliance.

CANADA'S TRADE ON INCREASE

Jump of \$300,000,000 is Shown By Reports

WINNIPEG, Man. — Trade between Canada and the United States in 1920 was more than \$300,000,000 in excess of that for the preceding year, according to semi-official reports. Canada's total exports were \$1,302,805,000 and imports \$1,336,911,000, making a world trade total for 1920 of \$2,639,716,000. In 1913 Canada's exports were valued at \$1,294,380,000 and imports at \$941,613,000.

Trade figures of the last month of the year, now available, show that there was an increase of about \$43,000,000 in exports of food products, consisting of the greater part of grain. Development of the lands in Western Canada with the influx of farm settlers is rapidly increasing the production figures and subsequently helping to increase trade figures on farm products.

Commercial analysts who have given careful study to trade figures during the last few years declare that there is every indication of a tendency toward an equalization of imports and exports with the United States.

Awarded \$5,000

COLUMBUS GROVE — (Special) — Within the past few days a number of cases of smallpox have developed here. The disease had been practically stamped out, having been prevalent in large numbers during the winter. Among those afflicted are: Mrs. William Basinger, Samuel Basinger and Charles Allen. Other persons are said to have been exposed to the disease.

Fame of Columbus Grove in the chicken-hatching business has spread as far south as Florida. A quantity of baby chicks from the J. J. Goetz hatchery have been shipped to Tampa. First hatching at the Goetz hatchery resulted in 2,000 baby chicks being realized from 3,000 eggs. The incubator holds 10,000 eggs. Each Tuesday during the summer it is the plan of Goetz to bring from the incubators 2,000 or more chickens.

WAPAK LODGEMENT GIVEN A SHOCK

Ice Cream and Cake Served at Social Session

PINK TEAS EXPECTED NEXT

Short Fund for Road Repair—News of Wapakoneta

WAPAKONETA — (Special) — One hundred and fifty members of the Elks lodge here think the millennium has come. When they assembled for a little social given by the house committee, ice cream and cake was served. Many thought they had gotten in the wrong booth. Some instinctively felt around for the contact that custom taught them should be there. The house committee is now considering "pink teas."

County commissioners found on their visit to Leon Merrick, state highway commissioner, that Auglaize-co has only \$45,000 available funds for road repair purposes. That sum is said to be as adequate as the proverbial drop in the bucket, but here are no immediate prospects of getting more.

Auglaize-co pension board, Drs. C. Hunter and E. F. Heffner, examined William Dickas, Jacob

Admits Improvement Was Big Surprise

Had No Idea Drego Could Relieve Gastritis and Constipation So Fast

"I admit I was surprised how quickly Drego relieved me of gastric constipation, dizziness and headache," said Mr. David Lee, of 468 Mulberry St., Cambridge, Ohio. Drego is the pure extract of herbal plants carefully combined to produce best results and has proven its powers in many cases, to overcome gas in the stomach, poor digestion, sluggish liver, weak kidneys, irritable nerves and chronic constipation. The action is usually prompt and effects lasting. All druggists sell Drego, specially introduced here by Baldwin's Central Drug Store—adv.

LIMA SWEEP BY HUGE WAVE OF ENTHUSIASM AS MANY PROCLAIM PEPGEN LATEST WONDER OF AGE

People in all Parts of the City Are Making Statements as to the Remarkable Merit of New Compound Now Being Introduced by Prominent Druggists

The following list contains the names of only a small percentage of the people who live right here in Lima who have been relieved of stomach trouble, sleeplessness, nervousness and rheumatic pains by Pepgen.

Pepgen is now being introduced by the Chas. M. Hunter Drug Co., and other leading drug stores in Lima, Wapakoneta, Delphos, Ottawa, Cridersville, Spencerville, Lake View, Van Wert and other points.

Mrs. Henry Clear, 1125 Hill-st., Lima, says: "My husband had stomach trouble for more than ten years. Since he began taking Pepgen he surely has a much better appetite. The quick results he has had from Pepgen leave no doubt that it is a fine medicine."

Mrs. A. L. Beville, 841 East Vine-st., Lima, says: "For years my stomach has been in bad condition. I suffered from constipation. Since I began taking Pepgen, I must confess that I have been entirely relieved from stomach trouble. I heartily recommend the medicine."

Mrs. J. F. Reeves, 326 North Park ave., Lima, says: "I had stomach trouble for about two years. Since taking Pepgen I have not had any trouble with my stomach. I have great faith in Pepgen and recommend it."

Mrs. R. M. Crawford, 512 W. Market-st., Lima, says: "I suffered from constipation and nervousness. My appetite was poor. I did not sleep well and got into a run-down condition. Pepgen relieved me in every way. I consider it an excellent medicine and sincerely recommend it."

Mrs. O. D. Moore, 1112 W. North-st., Lima, says: "I suffered frequently from pains in my stomach and my left side. I was restless at night. Since taking Pepgen I have a good appetite. I sleep restfully and feel better all around."

Mrs. F. H. Gould, 996 W. North-st., Lima, says: "I suffered from formation of gas which crowded my heart and made me very nervous. Pepgen relieved me of indigestion. My appetite is good and my complexion better."

Mrs. Lester Hullinger, 1135 S. Metcalf-st., Lima, says: "My husband had trouble with his stomach for years. Pepgen has done my husband a wonderful lot of good. I have no hesitancy in recommending the medicine."

Mrs. J. Askins, 637 S. Main-st., Lima, says: "My liver and kidneys were weakened and gave me a lot of trouble. I was also very nervous. Since taking Pepgen I can notice my general health is much better."

J. P. Lacey, 749 Arch-st., Lima, says: "I had liver trouble and rheumatism for the past two years. I got into a run down condition generally. Pepgen has brought a change in me. I feel a decided general improvement. I heartily recommend Pepgen."

Mrs. B. A. Mann, 813 E. High-st., Lima, says: "I had stomach trouble for years. My husband was also subject to stomach trouble. Pepgen relieved us both and we are glad to recommend it to others who suffer as we did."

Mrs. J. E. McMillan, 423 W. Vine-st., Lima, says: "I was in a generally run down condition. My husband has not been feeling right for some time either. Pepgen benefited us both. We expect it to put both of us in perfect health."

Mrs. C. D. Bradford, 923 Green-lawn avenue, Lima, says: "My husband had stomach and liver trouble for a long time. Pepgen relieved him. We believe Pepgen to be a reliable medicine and recommend it."

Minnie Littin, 116 South Jackson street, Lima, says: "I was in a general run down condition. My stomach, liver and kidneys were affected. I have taken Pepgen and have gained six pounds in weight. I sleep soundly and my appetite has increased."

Mrs. Charles Dobbing, 319 North Jackson street, Lima, says: "My husband had stomach trouble. It

Mrs. A. R. Weaver, 744 N. Union-st., Lima, says: "My stomach was in such bad shape that I seldom dared to eat meat or any kind of vegetables. It is remarkable what Pepgen has done for me in the short time I have been taking it. I think Pepgen is the best medicine to be had today."

Mrs. John Miller, 801 N. Union-st., Lima, says: "I had indigestion off and on for years. Everything I ate caused pains in my stomach. Since taking Pepgen I haven't had a pain in my stomach and my appetite is keen."

Mrs. Emma Stonestreet, 415 S. Jackson-st., Lima, says: "I had stomach trouble for four years. I was subject to attacks of acute indigestion. I have taken Pepgen but a short time and it certainly has helped me. I eat better and do not suffer so much from the formation of gas and bloating."

Mrs. May Mowery, 118 E. Pearl-st., Lima, says: "Even to drink coffee used to cause stomach distress, but things are different now, thanks to Pepgen. I think Pepgen is a splendid medicine and do not hesitate to recommend it."

Mrs. Jennie Decker, 607 N. Jackson-st., Lima, says: "I have been troubled with indigestion nearly all my life. My eleven-year-old son was also complaining of cramps in the stomach. We both took Pepgen and I am pleased with the results."

J. C. Smith, 227 N. Jackson-st., Lima, says: "Pepgen regulated my bowels quickly and relieved me of indigestion. I am satisfied it is a good medicine and that it will benefit other people who have stomach troubles."

Mrs. D. A. Conley, 905 W. Wayne-st., Lima, says: "I had liver trouble for a great many years. It is no exaggeration to say that since taking Pepgen I feel like a new woman. I heartily recommend Pepgen for people who are in a run down condition."

Mrs. Herbert Rush, 136 Harrison-avenue, Lima, says: "I am glad to recommend Pepgen. It has proven very beneficial in my case. I have had no trouble with indigestion, and I have a better appetite and feel decidedly stronger."

Mrs. E. A. Wilson, 426 North Washington street, Lima, says: "My daughter, Rachel, was in a run down condition. She had kidney trouble. She was very nervous and irritable. Pepgen has relieved her kidney trouble and she is not nervous like she used to be."

Mrs. J. P. McKinley, 773 Bellefontaine avenue, Lima, says: "For many years I suffered with stomach trouble. I had severe attacks of indigestion. Pepgen relieved. I sleep better, have more ambition and am stronger."

Mrs. Cona, 802 North Union street, Lima, says: "I have not been troubled with gas or pains in my stomach since taking Pepgen. I have been relieved of indigestion. I highly recommend the medicine."

Mrs. C. D. Bradford, 923 Green-lawn avenue, Lima, says: "My husband had stomach and liver trouble for a long time. Pepgen relieved him. We believe Pepgen to be a reliable medicine and recommend it."

Mrs. Helen Luckhoff, 506 Holmes-avenue, Lima, says: "My mother suffered from stomach trouble for years. She had a poor appetite and was extremely nervous. Pepgen made a great improvement in her condition. Her nerves are steadier and her appetite has increased."

E. E. Dillehay, 375 West Murphy street, Lima, says: "I have improved wonderfully since taking Pepgen. I do not have gas pains any more. I enjoy a hearty appetite and can work every day."

Miss Minnie Keuthan, 609 East Second street, Lima, says: "I suffered from constipation and indigestion. Pepgen proved a great relief. I call Pepgen a mighty fine remedy for stomach trouble."

was a big problem for me to cook food that did not hurt him. Since taking Pepgen his troubles have disappeared. I am glad to recommend Pepgen."

Mrs. Fred Thompson, 431 North Main street, Lima, says: "I have not known what it was to enjoy a meal for months. I couldn't sleep soundly. I tried Pepgen and found it better than I expected. I heartily recommend it."

Glen D. Stoehr, who lives at the C. H. & D. Hotel, Lima, says: "My wife had stomach trouble. She could not eat such foods as beans and macaroni without suffering afterwards. She is now in good health, thanks to Pepgen."

Daniel D. Hildebrand, 224 Haller street, Lima, says: "I suffered with stomach, liver and kidney trouble. Since taking Pepgen my trouble has been relieved and I am feeling stronger and better in every way."

Mrs. Evelyn Brown, 115 S. Jackson street, Lima, says: "I suffered a great deal from stomach trouble. My appetite was poor and I was extremely nervous. I tried Pepgen and was surprised with the results. Pepgen is simply wonderful, and I wish others to be benefited by it."

Mrs. John Laiman, 525 South Elizabeth street, Lima, says: "My son Earl had stomach, liver and kidney trouble for several years. Pepgen made a decided change in him. It gave him a good appetite; he is more energetic and looks 100 per cent better."

Theodore Wert, 217 South Union street, Lima, says: "I have had a great deal of trouble with my stomach and kidneys. I was very nervous and could not sleep well at night. Since taking Pepgen I feel so much better that I can hardly express it. It has been a wonderful help to me and I recommend it."

Mrs. Pearl Guy, 498 McPherson-avenue, Lima, says: "I had stomach trouble for a long time and tried in every way to get relief. Pepgen has helped me so much that I cannot praise it too highly."

John M. Slater, 551 Pine street, Lima, says: "Pepgen was recommended to me by a druggist. The medicine gave me much relief. My appetite is fine. I can eat anything and not suffer afterwards."

Jacob Davis, 1108 Forest avenue, Lima, says: "I was a sufferer from stomach, kidney and liver trouble. Since taking Pepgen, the change in my condition is great. I surely recommend Pepgen to people with stomach trouble."

Mrs. Wm. Swank, 139 East Murphy street, Lima, says: "My husband had stomach and kidney trouble. His appetite was poor and he suffered from gas pains. Since he has been taking Pepgen he is a different man altogether. We recommend Pepgen."

PULPIT, PRESS AND PROFESSION ALL UNITE IN PRAISE OF PEPGEN

Prominent Ministers Agree With Doctors and Newspaper Men Relative to Remarkable Merit of New Discovery.

Nowadays a great many Pittsburgh people are telling they have been relieved of various ailments by a new medical discovery known as Pepgen. Among them is the Reverend Dr. Charles A. Scholl, 117 West Ohio St., Northside, Pittsburgh.

Nor is this condition characteristic of this locality, for the statement recently made by the Reverend Dr. Owen McCune, 1126 E. Twenty-second street, Indianapolis, Ind., is equally enthusiastic.

On account of their lofty vocation, statements from ministers are always interesting, but they are not more significant as to the merits of the new product than those given by nationally known newspaper men, an example of which is furnished below by no less an authority than D. J. O'Donnell, publisher of the Dayton, Ohio, Montgomery-co Reporter.

Many physicians have found Pepgen a valuable aid in the practice of medicine. The case recited by Dr. J. C. Adams, former professor of chemistry at Cincinnati, Ohio, College of Medicine and Surgery, not only tells of relief afforded his patient, but relates how the doctor himself was restored to health.

Following are the individual statements made by the parties referred to in this article: "I am 59 years of age and I have been a student all my life," says Rev. Dr. Chas. A. Scholl: "I speak

of this simply in order that people who read what I have to say about Pepgen will know that it comes from one who has had many years of experience, and who has spent his life in study.

"I have taken two bottles of Pepgen for my kidneys, and I conscientiously state that it has benefited me. I first noticed the trouble with my kidneys about 20 years ago and I have been ailing more or less ever since.

"Since Pepgen helped my kidneys trouble I am glad and willing to recommend it publicly. I wish to state that I am not a person who would give a statement like this unless the medicine I recommended was a good one. In the case of Pepgen I sincerely believe this to be true because I gave it a thorough trial and it proved beneficial.

"I am acquainted with many people here in Pittsburgh, and to all my friends and to others I say, 'Pepgen is a good medicine, it helped me and I recommend it to you.'"

The experience of Rev. Owen McCune, of Indianapolis, Ind., is furnished in a recent statement made by his wife, who says: "Dr. McCune had stomach trouble and was in a badly run down condition. He was very nervous. He would lie awake every night until long after midnight. Then at times he would drop off to sleep while sitting at his desk in his library, from exhaustion.

"On account of the condition of his stomach he could not eat meat or fruits without suffering.

"I induced him to try Pepgen and after the first few doses I noticed it began to help him. He now has a good appetite. He sleeps soundly at night. The pains in his head and neck have disappeared and his kidney action is normal."

D. J. O'Donnell, publisher, says: "Pepgen is a wonderful tonic. I was in a general run down condition when I started to take it. I had a fairly good appetite, but my food didn't give me strength. Something was surely wrong with my digestion. I felt tired and draggy all the time.

"Since taking Pepgen I am like a new man. I wouldn't take a thousand dollars for the benefits I received."

Dr. J. C. Adams, says: "I needed something to build up my nerves and strengthen my general system. Another doctor recommended that I try Pepgen, which I accordingly did. In a short time I could sleep more soundly and I felt stronger in every way.

"I was so pleased with the results obtained from Pepgen that I subscribed it to a number of patients. In each and every case it did good work. One young man who had been suffering severely with colic, caused by fermentation of food, until at times he was almost drawn double, told me that he had not had a single return attack after the second day he began to take Pepgen.

"In my opinion Pepgen is the best general tonic I ever used and I am glad to endorse it." Hundreds of similar stories are told by people in all parts of the country

REDS START SERIES OF SIX GAMES IN SPRING CAMP

CINCINNATI — The opening of a six game series with the Columbus team of the American association, will give the Cincinnati Reds their first real test for the season.

The seniors are training at Ranger, 20 miles from Cincinnati, and word from the training camp said Manager Rowland H. Morgan last night that his team was in shape to put up a stiff fight.

The first two games will be played at Cincinnati and the next four at Ranger. The beginning of the season is being held at Cincinnati.

JIMMY O'NEILL RECOVERING FROM PNEUMONIA

WASHINGTON — Jimmy O'Neill, the attack of pneumonia he contracted last fall left him in such a weakened condition that his physician has advised him against taking any violent exercise at this time.

The condition of O'Neill leaves Manager Morgan the problem of assigning the short field job to either Egan or McGuire.

"HOME RUN" BRUMMETT SIGNS WITH INDIANS

KNOXVILLE, Tenn. — "Home he had signed with the Cleveland Indians" Brummett, who is catcher with the Indians, would have tomorrow a minor league club last season made for the Indians training camp at 26 home runs announced today that Dallas, Texas.

NEW YORK NATIONALS ARRANGE TRIP NORTH

NEW YORK — The New York Nationals, their schedule will be announced later. Manager McGraw training camp at San Antonio, Texas, and Fred Toney, who has been a will play exhibition games in Texas, Oklahoma, Arkansas, Tennessee and Virginia on the return trip to New York.

LANDIS CONSIDERS SALE OF AKRON FRANCHISE

CHICAGO — The appeal of the Akron club to remain its place in the International League was to his powers in a minor league case, Judge Landis said he would take the case under advisement.

SOUTH AND CENTRAL GAME ON TONIGHT

The last scheduled game between South and Central for this year will be played tonight when the basketball teams line up on the Central gym floor at 7 o'clock.

Both teams are confident of victory. This insures a good, fast, scrappy game. Both teams are in the best of condition and both have been practicing on a large floor.

The Central team will have a hard time for this after this game. SOUTH IS IMPROVED.

South showed a vast improvement last week in their game with Postonia. The loss of the game by two points, the team played better basketball than they have since Capt. Blackburn was forced to quit the game.

Both coaches have been drilling their men in new plays and both Coach DeWitt of Central and Coach

LOOK FOR PASSWORK

Fans are of the opinion that passwork and teamwork will win the game. The claim that the guards on both teams are good enough to stop any individual work and the ball will have to be passed. Both teams are experts in this style of play and there are good shots on both squads the majority of points scored this year have been made by teamwork.

The Central line up, despite the numerous false rumors will be the same that played Piffin. Dille and Dille will hold down the forward positions. They are both scrappy players and excellent shots.

LAUGHLIN AT CENTER

Capt. Laughlin will play his whirlwind game at center with James and Devoe, the two scrappy guards, holding down the South scoring machine.

Hamon, who is acting captain of South, and Westmeyer will play forward for South. These men are both fast. Berger will be at his usual position of defensive center. Hamon and Williams who made names for themselves against Postonia will play guard.

This will be the last interschool game for many men and they will all attempt to do their best. The doors of the gym will not be opened until 6:15 p.m. Jack Jerpe, Postonia, who refereed the last game between the schools will pilot the wheel of tonight.

"BABE" RUTH EXPECTS TO BREAK HOME RUN RECORD

By HENRY L. FARRELL
(United Press Staff Correspondent).

NEW YORK—When Babe Ruth smacked out 54 home runs last season, conservative baseball considered it the limit. Those who know the babe, said he would do better this year.

Some know him so well, they predicted at least 75 this coming season.

The Babe says he's going to pass his mark, but he's not mentioning numbers.

From the way he's pounding the ball in the

Yankee's training camp at Shreveport, it seems almost sure he will break his 1920 record.

Perhaps he will knock out 75. There seems no limit to his ability. He always deals in superlatives.

As a home-run hitter, the Babe never has been an early starter. In 1919, when he made his first record, he did not get under way until April 23. Last season, he wasted more than a good month.

Ruth said this winter he would start the season in perfect condition and he certainly has been

working to get that way. Last year he was stranger on the Polo Grounds and it took some time to get the range of the right field fence.

Last season, the Babe averaged a home run every three games. At the same rate, he should pole out about ten more clouts if he gets the run from the opening game.

Time swatting put on so much weight during the winter that some of the sharps predict his appetite would drive him out of baseball two years and that last year would go down his greatest.

VOLLEY BALL SERIES IS DISPUTED

A general mix-up in scoring caused the city volley ball championship between the Rotary and Kiwanis club teams doubtful.

A nine-game series was to have ended last night at the Y.

In the first game of the three remaining, the Rotes won from the Kiwanians 15 to 5. Then in the second game the Kiwanians came back strong and won, 15 to 8.

That was all fair and square.

MIX IN THIRD

But the third game is where the tangle came. Boys keeping the score apparently erred. Some claim the score of 15 to 14 in favor of the Rotes while others claim it was 16 to 15 in favor of the Kiwanians.

Captain Dupuis of the Kiwanian team, said after the game that his team would not concede defeat on strength of last night's scoring.

Captain Pierce of the Rotes, said his team was willing to play the game over.

COAL VALUES

The actual cost of fuel can only be determined by the amount of heat
it gives forth. The standard for measuring coal values is the number of
B. T. U.'s (British Thermal Units) in each pound of fuel.

Hence it often happens that cheap coal actually costs more, in results,
than that sold at a much higher price. Coal low in heat is always high in
ash.

For instance some coals now being offered only give 11,000 B. T. U.'s
and 15% ash, while Pocahontas and similar coals produce 15,000 or more,
with but 3% ash. All our coals are high in Heat Units in their class.

For prompt service, courteous treatment and quality coals—try us.

RABIES REPORTS EXAGGERATED

Sick Dogs Not Always "Mad," Veterinarian Says

Wildly exaggerated reports of an epidemic of hydrophobia among dogs in Lima and Allen-co is contradicted by veterinarians and others in close touch with the situation.

The cause of the recent scare is believed due to the fact that a stray dog late Thursday afternoon leaped on Donald Hall, 4-year-old son of Mr. and Mrs. Bert Hall, 225 N. Pine-st. and bit him.

Mrs. Hall stated Friday morning that her boy was feeling fine, except for the wound on his head. He was playing about the yard, and was not complaining about the injury.

County commissioners state Friday that they have received no authoritative reports of an epidemic of rabies and that they see no cause for action at this time.

Dr. J. H. Hattenberg, veterinarian, said Friday that dog owners should take precautions against permitting their pets to associate with other dogs and that stray dogs without license collars should be exterminated.

"Every time a dog becomes sick nowadays people think it has the rabies," Hattenberg said. "I bet if you would 'turpentine' a dog and start him yelping up Main-st. today, same people would die of heart failure."

"There is more or less trouble among dogs all the time. But now it is a little worse, and that added with so much agitation about the matter, is the cause of so much alarm," he concluded.

Dr. Joseph E. Morris says, "kill the stray dog and do away with the tendency of hydrophobia to spread."

Dr. H. F. Padon was called to a farm west of Lima Friday morning and covered a cow killed that had contracted rabies thru being bitten by an affected dog.

DIVORCE ACTION MAY BE STOPPED

Reconciliation Between Caleb Powers and Wife Attempted

NEW YORK - (By United Press) — Moves for reconciliation that would result in the withdrawal of a divorce suit against Caleb Powers, former Kentucky congressman, have been started, it was learned today.

Attorney H. A. Hogarty, representing Mrs. Powers, said, however, that he did not believe a reconciliation is possible.

Powers is in Washington and hopes to get an appointment to an important federal post under President Harding.

The allegations charge Powers with cruelty and non-support. The petition asks the court to restrain Powers from disposing of certain properties in this city and Kentucky until such time as the suit for divorce is disposed of.

Hogarty said Powers would be required to disclose his income. Justice Stafford of the district supreme court has ordered Powers to show cause on March 18 why the requests should not be granted.

Powers was twice convicted in connection with the murder of Governor Goolrick of Kentucky, and after serving a brief sentence was pardoned by the then governor of Kentucky.

"I hear old Wayne closed up a real estate deal!"

"Well, you might say that. He managed to slip his bag past the landlady and jumped two weeks' rent when he moved the other day to new quarters."

A young theological student was being asked some questions by a bishop, who was what is generally termed "a good sportman." "What were the names of the people living in the house into which St. Peter went after his escape from prison?" The student thought a moment, and then said: "I can't remember the name of the girl who opened the door to him." "Ah, yes," replied the bishop with a smile, "you would remember that."

"What made your kid such a scrapper?"

"Circumstances. His ma made him wear curls until he was nine years old."

"Is he a prominent and influential architect?" we asked.

"I guess he must be," replied Mr. Newrich. "He recommended a certain kind of heating plant to me very strongly, and when I asked him why this particular kind he said it was absolutely fool-proof."

"And do you think I would prove a satisfactory mate with whom to—"

Madame or Mademoiselle could close her eyes and pick a style at random—yet instinctively know that it was inherently correct—from its braid finished edges to its snug-fitting collar. For women, there are long, slenderizing, straight lines to give a youthful effect. Or even a very new blouse models with all-over squares of tinsel brocade. For the young Miss, delightfully jaunty box coats vie with graceful flares. All silk lined, hand tailored, beautifully finished.

The fabrics are Twill Cord, Tiquette and Tricotine.

"Exclusive But Not Expensive"

Reserve Strength

IDLE freight cars in the United States now number 423,000, and more than 3,500 locomotives are stored. The carrying capacity of this idle equipment is greater than all the freight equipment of the railroads of any foreign country.

Only six months ago there was a *shortage* of 146,000 cars.

These idle cars and engines mean that an investment of more than \$600,000,000 is producing nothing.

But this heavy investment in equipment and facilities—greatly in excess of the need in times of light traffic—must be made by the railroads in order that they may have a reserve to draw upon when the tide of traffic rises. Even with this costly but necessary insurance, a car shortage is inevitable at the peak of an industrial boom.

Idle cars now are a visible guarantee of preparedness for the rising tide of industry.

The well-known policy of the New York Central Lines has long been to provide as large a transportation reserve as can be safely carried through periods of slack business.

This reserve strength is insurance for American industry.
